Product overview

The Nastrino Alluvione 2000 is a commemorative ribbon for personnel who served in flood relief during the 2000 Piemonte (Piedmont) emergency. It is designed for veterans, emergency responders, collectors, and anyone wanting a formal recognition of their service.

Definition: a commemorative service ribbon issued to recognize dedication and sacrifice during the Piemonte 2000 flood operations. Suitable for military, police, and civil protection display or for

replacement of a medal ribbon.

Main features

Simple, professional options allow the ribbon to suit uniform use, display on ribbon bars, or replacement of a medal ribbon. The product supports military, tactical, and police display standards in two common widths.

- **Variants:** flat regulatory format or slightly curved "Elite" version for a refined look.
- **Loose ribbon option:** available as a single ribbon for re-lacing medals.
- **Sizes:** standard widths 37 mm and 20 mm for correct mounting.
- **Mounting:** can be fitted on ribbon bars with rear attachments using clamps or screws.
- **Multi-place ribbon bars:** can be mounted on two-or-more place holders to group multiple ribbons.
- **Limited availability:** produced in limited quantities due to its commemorative nature.

How to use / When it’s useful

Quick answer: use the Nastrino Alluvione 2000 to display or replace a service ribbon on a uniform, ribbon bar, or medal. It is useful for formal uniforms, remembrance displays, and collectors’ mounts.

In most cases, choose the 37 mm size for wider ribbon bars and the 20 mm size for single medal ribbons. Select the appropriate rear attachment (clamps or screws) when ordering to match your ribbon bar or mounting hardware.

Care and notes

Store the ribbon flat or on a proper ribbon bar to keep its shape and color. When ordering, check size and attachment type carefully to ensure compatibility with your uniform or display.

- Confirm 37 mm or 20 mm size before purchase.
- Choose clamp or screw rear attachment in the product options for correct mounting.
- Order multi-place ribbon bars if you need to display two or more ribbons together.
- Note limited stock: availability can change and items may sell out.

FAQ

Q: What sizes are available for the Nastrino Alluvione 2000?

A: The ribbon is available in two standard widths: 37 mm and 20 mm. Choose the size that matches your ribbon bar or medal mount.

Q: Can I choose a different ribbon shape?

A: Yes. You can select the flat regulatory format or the slightly curved Elite version for a more refined appearance.

Q: Is the ribbon available as a loose ribbon for a medal?

A: Yes. You can buy the Nastrino Alluvione 2000 as a loose ribbon to renew or replace the ribbon on an existing medal.

Q: What mounting options are there?

A: The ribbon can be fitted on ribbon bars with rear attachments using either clamps or screws. Choose the attachment type from the product options when ordering.

Q: Can I display multiple ribbons together?

A: Yes. The ribbon can be mounted on two-or-more place ribbon bars to group several ribbons neatly and professionally.

Q: How do I get help placing an order?

A: Tutto Militare provides customer support to assist with questions about sizes, mounting options, and availability during the ordering process.

Tip: When ordering, confirm the correct size (37 mm or 20 mm) and the required rear attachment (clamps or screws). Consider browsing related ribbon bars and mounting accessories on Tutto Militare to complete your display in a tidy, professional way.
