- **Fit:** Ergonomic cut with reinforced seams for freedom of movement and a secure fit.
- **Visibility:** Reflective details increase visibility in low-light conditions.
- **Use:** Ideal for security personnel, patrols and professional tactical duties.

**Product description:**

## Product overview

The Tuta Operativa Guardia Giurata SWAT is a black operational suit made for security professionals, guards, police and tactical teams who need a reliable duty uniform. It pairs a jacket and trousers designed for daily use, with practical pockets and durable construction.

Definition: a 100% cotton rip-stop duty suit with button-cuff closures, multiple storage pockets and adjustable trousers for on-duty work.

### Main features

Core features at a glance:

- **Material:** 100% cotton rip-stop for tear resistance and durability.
- **Jacket storage:** Four front pockets with hidden button closures for secure, low-profile carry.
- **Pants storage:** Two front pockets, two rear pockets and two side pockets for tools and accessories.
- **Adjustable fit:** Waist adjustment with buckles and drawstring hem at the pant cuffs for a tailored fit.
- **Cuff detail:** Buttoned cuff closures for quick, secure adjustment.
- **Size and color:** Available in size 54 XL; black color suited for tactical, duty and police use.

### How to use / When it’s useful

This suit works well for patrols, security posts, escort duties and light tactical tasks where durable, breathable clothing is required. Quick answer: use it as a primary duty or tactical uniform when you need multiple pockets and a robust fabric.

In most cases, combine it with duty boots and standard load-bearing gear; layer as needed for colder weather since the fabric is cotton-based and breathable for moderate conditions.

### Care and notes

Basic care and important notes:

- Follow the garment care label for washing and drying instructions to preserve fabric life.
- Cotton may shrink if washed in hot water—wash in cool or warm settings to reduce shrinkage.
- The rip-stop cotton is durable but not inherently waterproof; use an outer shell for wet conditions.
- Available size: 54 XL only; stock is limited and demand is high.

## FAQ

**Q:** What size options are available for this suit?

**A:** Currently the suit is available in size 54 XL only. Please check sizing carefully before ordering.

**Q:** What material is the suit made from?

**A:** The suit is made from 100% cotton rip-stop, chosen for its resistance to tearing and everyday wear.

**Q:** How many pockets does the jacket have?

**A:** The jacket has four front pockets with hidden button closures, providing secure and discreet storage.

**Q:** How is the waist adjusted on the trousers?

**A:** The trousers include waist adjustment buckles and a drawstring at the leg hem to fine-tune the fit.

**Q:** Are these suits suitable for all seasons?

**A:** The cotton rip-stop offers comfort across a range of conditions; for extreme cold or heavy rain, use appropriate layering or an outer shell.

**Q:** Is the cuff closure a zipper or button?

**A:** The cuff closure uses a button for quick and secure adjustment of sleeve length at the wrist.

**Tip:** Confirm your measurements before purchase—size 54 XL is the listed option—and consider browsing related tactical uniforms and duty accessories to complete your kit.
