- **Material:** Durable, high-quality fabric for long-lasting outdoor use.
- **Camouflage:** Vegetated pattern for concealment in natural environments.
- **Features:** Multiple pockets, ergonomic cut and tailored details for comfort, mobility and discreet protection.

Product description:

Product overview

The **Tuta Mimetica Vegetata Esercito Italiano** is a two-piece military camouflage suit intended for users who need durable, functional clothing for field work, training, outdoor activities, or military surplus collection. It suits tactical, duty, and police uses where comfort and ruggedness are important.

Definition: This is a camouflage suit made from 92% ripstop cotton and 8% high-strength polyester, designed to combine abrasion resistance with wearer comfort.

Main features

Built for durability and practical use, the suit combines tear-resistant fabric with a camouflage print meant to withstand repeated washing.

- Material: 92% cotton ripstop + 8% high-strength polyester for shape retention and durability.
- Vegetata camouflage printed with a process designed to resist fading from repeated washes.
- Jacket: two pleated front pockets with button closures, sleeve pockets, underarm vents, internal zip document pocket, double internal adjustment straps, and a collar with button.
- Trousers: two front pockets, two rear pockets, button fly, knee pad pockets for added protection, and drawstring hem adjustment.
- Functional details support ventilation, secure storage, and fit adjustment for active use.

How to use / When it’s useful

Quick answer: Use the suit for field exercises, outdoor work, hunting, training, airsoft, and situations where a tactical or military-style garment is needed. The jacket’s vents and multiple pockets support active movement and equipment carry.

In most cases, choose the suit when you need a balance of comfort and durability rather than a lightweight fashion piece. The knee pad pockets and adjustable hems make the trousers suitable for kneeling tasks and dusty environments.

Care and notes

Follow the garment care label for best results; the print is made to hold up under washing but correct care will extend the suit’s life.

- Follow washing instructions on the label; wash with similar colors.
- Close buttons and fasten adjustments before washing to protect fabric and hardware.
- Avoid bleach and strong detergents to preserve the print.
- Air-dry when possible to maintain shape; reshape while damp if needed.

FAQ

Q: What materials are used in the Tuta Mimetica Vegetata Esercito Italiano?

A: The suit is made of 92% cotton ripstop and 8% high-strength polyester for added durability and shape retention.

Q: How do I choose the correct size?

A: Refer to the seller’s size chart and measure chest, waist, and inseam. If you are between sizes, choosing the larger size usually provides better comfort and freedom of movement.

Q: Is the camouflage resistant to washing?

A: The vegetata print is produced with a process intended to resist repeated washing, but following care instructions will help maintain color and pattern longer.

Q: What features does the jacket include?

A: The jacket includes two pleated front pockets with buttons, sleeve pockets, underarm ventilation openings, an internal zip document pocket, internal adjustment straps, and a collar with button closure.

Q: Do the trousers have knee protection options?

A: Yes, the trousers are fitted with pockets designed to accept knee pads for improved protection and comfort during kneeling or high-wear activities.

Q: Is this suit suitable for police or duty use?

A: The suit’s durable fabric, practical pockets, and adjustable fit make it suitable for many tactical, duty, and police-related tasks where camouflage and rugged construction are required.

Tip: When ordering, pick the correct size variant based on measurements and consider the larger size if between sizes. Browse related tactical and military surplus items to complete your kit.
