- **Material:** Crafted from quality ribbon materials.
- **Design:** Elegant appearance with a distinctive numeral.
- **Significance:** Represents service and dedication during Bosnia peace missions.
- **Recommended for:** Collectors, veterans and those preserving military history.

Product description:

Product overview

The Bosnia NATO ribbon with numeral is a service ribbon for personnel and collectors who want to represent service in Bosnia and Herzegovina under NATO. Definition: this is a reproduction/service ribbon supplied with a selectable numeral and available in standard sizes for uniforms, displays, or collections.

Made for veterans, duty personnel, police collectors and military surplus buyers, the ribbon is suitable for tactical display, dress uniforms or mounted ribbon bars. Available sizes and mounting

options make it practical for retail and e-commerce purchases.

Main features

Designed for durability and correct fit, the ribbon comes in regulation widths and offers personalization and mounting choices.

- **High-quality construction:** built from durable materials for long-lasting use and a neat appearance.
- **Regulation sizes:** available in 37 mm and 20 mm widths.
- **Elite variant:** also offered in a slightly domed "Elite" finish for a different look.
- **Custom numeral:** choose the number to be applied for personalized identification.
- **Mounting options:** supplied ready to be fitted to ribbon mounts with clamp or screw attachments.
- **Suitable uses:** for uniforms, ribbon bars, displays, or military surplus collections.

How to use / When it’s useful

Quick answer: use this ribbon on a ribbon bar or display to represent Bosnia NATO service, or add it to a collection of military surplus and tactical memorabilia. It fits standard ribbon mounts and multi-slot metal bases when you select the correct size and attachment.

In most cases, select the 37 mm or 20 mm size based on your ribbon bar spacing and choose clamp or screw attachment at checkout. For collectors, the Elite domed version provides a slightly different profile for display items.

Care and notes

Simple care and correct selection ensure the ribbon stays in good condition and fits your intended mount or uniform.

- Store flat or on a ribbon mount to avoid bending or creasing.
- Choose the correct width (37 mm or 20 mm) before ordering to match your ribbon bar.
- Select clamp or screw attachment based on your mount type; check your ribbon bar before checkout.
- Availability may be limited; select your variant and numeral promptly to secure the desired item.

FAQ

Q: What sizes are available for the Bosnia NATO ribbon with numeral?

A: The ribbon is available in the regulation widths of 37 mm and 20 mm. Choose the size that matches your ribbon bar or display.

Q: Can I personalize the ribbon with a specific number?

A: Yes. You can select the numeral to be applied when placing your order. Enter the desired number in the provided field.

Q: What mounting options are offered?

A: The ribbon can be mounted on ribbon bars using either clamp (morsetto) or screw attachments. Select the attachment type that fits your existing mount.

Q: What is the Elite variant?

A: The Elite variant is a slightly domed (convex) version of the standard flat ribbon, offering a different profile for display or dress use.

Q: Is this ribbon suitable for uniform wear or only for collections?

A: It is suitable for both uniform ribbon bars and collectors' displays; confirm your unit or uniform requirements before wearing on an official uniform.

Q: How can I be sure I receive a high-quality ribbon?

A: The ribbon is produced with durable materials and careful finishing. Select reputable sellers and the correct options to ensure quality and proper fit.

Tip: Choose the correct width (37 mm or 20 mm) and the preferred mounting option before adding to cart, and consider the Elite domed variant if you want a different presentation; also browse related ribbon mounts and multi-slot bases to complete your display.
