Product short description:

The Nastrino Dancon March Tedesca is a decorative dress ribbon for collectors, military surplus enthusiasts and anyone seeking a refined accessory for formal occasions or daily wear.

- **Material:** Made from high-quality materials with careful stitching for a polished look.
- **Use:** Suitable for ceremonies, formal events or to enhance everyday outfits.
- **Design:** Elegant, distinctive ribbon with refined detailing that complements uniforms and civilian attire.
- **Compatibility:** Easy to match and wear with a wide range of garments.

Product description:

Product overview

The Dancon March Tedesca ribbon is a 37 mm service ribbon designed for collectors, military surplus buyers, and professionals who display or wear duty and ceremonial ribbons. It suits collectors, reenactors, police and military personnel looking for a clean, regulation-style ribbon.

Definition: A 37 mm Dancon March Tedesca ribbon available in two finishes and with selectable mounting options. It is sold either pre-mounted on a ribbon bar or as a loose medal ribbon.

Main features

Quality construction and a choice of finishes make this ribbon suitable for display, ceremony, or uniform wear in tactical, military surplus, and duty contexts.

- **Two finishes:** regulation flat format or slightly convex "Elite" finish.
- **Single size:** available in the 37 mm width standard.
- **Mounting options:** choose rear clamp (morsetto) or screw attachment when adding to a ribbon bar.
- **Also sold loose:** can be purchased as a loose medal ribbon for custom mounting.
- **Durable materials:** made to retain appearance over time with normal use.

How to use / When it’s useful

Quick answer: Use the Dancon March Tedesca on a single or multi-place ribbon bar for display or uniform wear; select your preferred finish and mounting method from the dropdown. It fits standard 37 mm ribbon slots and can be combined with other service ribbons.

In most cases, choose the flat regulation version for an authentic, low-profile look or the Elite slightly convex finish for a more pronounced appearance. If you need flexibility, order the loose ribbon to install it on a custom mount or replacement ribbon bar.

Care and notes

Follow a few simple steps to keep the ribbon looking its best and to ensure correct installation.

- Select the correct mounting option (clamp or screws) from the dropdown before checkout.
- Handle mounted ribbons carefully when installing on ribbon bars to avoid bending or misalignment.
- Store loose ribbons flat and away from direct sunlight to preserve color and weave.
- Limited stock: availability may be restricted—check quantity before ordering.

FAQ

Q: What variants are available for the Dancon March Tedesca ribbon?

A: It is available in two variants: the regulation flat format and the slightly convex "Elite" finish. Both are offered in the 37 mm width.

Q: How do I mount the ribbon on a ribbon bar?

A: You can mount it using a rear clamp (morsetto) or with screws. Select the preferred attachment type from the dropdown when ordering.

Q: Is the ribbon sold as a loose ribbon or only pre-mounted?

A: The ribbon can be bought either pre-mounted on a ribbon bar or as a loose medal ribbon for custom mounting or repairs.

Q: What is the ribbon width?

A: The Dancon March Tedesca ribbon is available in a single, standard width of 37 mm.

Q: Can I use this ribbon on multi-place ribbon bars?

A: Yes. It can be fitted to two- or multi-place ribbon bars; choose the correct mounting option and position when assembling the bar.

Q: Is the ribbon always in stock?

A: No, stock is limited and demand can be high. If availability is low, consider ordering the loose ribbon or checking back for restock.

Tip: Choose the finish and mounting option that match your uniform or display needs, and consider buying loose ribbons if you assemble custom ribbon bars; also browse related tactical and military surplus ribbon accessories to complete your set.
