How to use / When it’s useful

Quick answer: mount the ribbon on a standard ribbon bar or display plate using the chosen clamp or screw option to match your uniform or collection. It is useful for historical displays, re-enactors, and personnel recognition on dress uniforms.

In most cases, choose the flat regulation format for authentic uniform use or the Elite domed variant for a slightly more prominent display. This ribbon also fits multi-ribbon holders when combined with other service or commemorative ribbons.

Care and notes

Keep the ribbon in good condition with simple handling and storage; the metal mount and textile are made for long-term use but benefit from basic care.

- Store flat or on a ribbon bar to avoid creasing the textile.
- Clean gently with a soft, dry cloth; avoid abrasive cleaners that could damage the metal plate.
- Avoid prolonged exposure to moisture to protect both fabric and metal mount.
- Limited quantities: the ribbon is a commemorative item and availability may be restricted.
