Product short description:

Nastrino Valore Aeronautico con Stella Bronzo is a distinguished aviation ribbon for service members, veterans and collectors. Decorated with a bronze star, it serves as a distinctive emblem recognizing demonstrated courage and notable skill in aviation. Made from quality materials, it can be worn on uniforms or displayed as part of a collection.

- **Material:** quality fabric with a bronze star detail.
- **Use:** suitable for uniform wear or display in a collection.
- **Significance:** represents recognition of dedication, courage and aviation competence.
- **Recommended for:** aviation personnel, veterans and collectors.

Product description:

Product overview

The Nastrino Valore Aeronautico con Stella Bronzo is a ribbon award for personnel and collectors who need an authentic-looking military ribbon for uniforms, displays, or tactical gear setups. Definition: it is a bronze-starred aeronautical valor ribbon awarded for acts of notable courage and skill aboard aircraft.

Suited for military, police, duty or tactical use and for military surplus collectors, this ribbon is

offered in regulation format and in a slightly convex Elite variant. Availability is limited and the ribbon is supplied in the standard 37 mm size for compatibility with other ribbon bars.

Main features

Key details at a glance:

- **Regulation flat format:** available in the official flat profile used on uniform ribbon bars.
- **Elite variant:** slightly convex version for a refined appearance.
- **Customizable portanastrino:** choose rear attachment by clamps or screws when requested.
- **Standard size 37 mm:** designed to match other regulation ribbons and mounting systems.
- **Multi-slot mounting:** suitable for placement on multi-position metal ribbon holders (sold separately).
- **Designed for displays:** appropriate for uniform wear, collection displays, and tactical or duty presentation.

How to use / When it’s useful

Quick answer: wear it on a uniform ribbon bar or mount it on a display board using a portanastrino. In most cases, the 37 mm size fits standard ribbon holders used by military, police and tactical units.

Order the flat regulation style for official-style displays or choose the Elite variant for a slightly elevated look. Request the preferred rear attachment (clamps or screws) at checkout to ensure the ribbon mounts securely on your chosen holder.

Care and notes

Simple care and ordering notes:

- Available only in 37 mm—verify this size fits your ribbon bar before ordering.
- Specify portanastrino attachment type (clamps or screws) if you want the ribbon delivered ready to mount.
- The Elite variant is slightly convex; choose based on personal or uniform appearance preference.
- Multi-slot metal holders are sold separately for mounting multiple ribbons together.
- Limited stock may apply; order promptly if you need multiple units for duty or collection purposes.

FAQ

Q: What size is the ribbon?

A: The ribbon is available only in the standard 37 mm format. This size is intended to match regulation ribbon bars and multi-slot holders.

Q: Can I have the ribbon fitted to a portanastrino?

A: Yes. You can request the ribbon with a rear attachment fitted using either clamps or screws, selected at the time of order.

Q: What is the Elite variant?

A: The Elite version is a slightly convex (domed) ribbon profile that offers a different visual style while maintaining the same dimensions.

Q: Is the ribbon in a regulation format?

A: Yes. The ribbon is offered in a regulation flat profile suitable for official-style displays and uniform ribbon bars.

Q: Can I mount multiple ribbons together?

A: Yes. Multi-position metal ribbon holders are available separately to house two or more ribbons on a single base for coordinated display.

Q: Is this item suitable for police or tactical use?

A: Yes. It is suitable for duty, police, tactical displays and military surplus collections, provided the 37 mm size and mounting options meet your requirements.

Tip: Choose the flat or Elite variant and the desired portanastrino attachment (clamps or screws) before adding to cart. Consider ordering multi-slot holders if you plan to mount several ribbons together for uniform, duty or display purposes.
