How to use / When it’s useful

Quick answer: wear this ribbon on the uniform ribbon bar or on a ribbon card when you need a regulation badge that signals service merit within the Stato Maggiore della Marina Militare. It fits standard 37 mm ribbon mounts and is compatible with common military display methods.

In most cases, this ribbon is used for dress uniforms, ceremonial events, and formal displays of service records. Choose the flat or Elite domed variant and the preferred rear mounting (clamp or screw) based on your uniform type and personal preference.

Care and notes

Keep the ribbon clean and mounted securely to preserve its appearance and fit with other ribbons. The bronze anchor indicates 10+ years of service and should be fitted according to uniform regulations.

- Store flat to avoid deforming the ribbon, especially the flat regulation variant.
- Use the appropriate rear holder (clamp or screw) to secure the ribbon to the uniform.
- Avoid exposing the ribbon to prolonged moisture or harsh chemicals to preserve colors.
- Size: exclusively 37 mm — ensure compatibility with your ribbon bar or card.
