How to use / When it’s useful

Quick answer: attach one star to each collar point of the gala jacket for a balanced, professional appearance. These stars are made for collar placement on formal jackets.

In most cases, they are used for ceremonies, parades, and formal events where full dress or duty uniforms are required. They also work well for police and military surplus uniforms adapted for formal presentation.

Care and notes

These hand-embroidered stars require gentle care to preserve the metallic thread and fabric finish.

- Avoid machine washing; spot clean or use professional dry cleaning if needed.
- Handle gently to prevent deformation of the bullion thread and backing.
- Store flat and dry to reduce the risk of tarnishing or damage from moisture.
- Limited stock: allow additional time for handmade production and restocking.
