How to use / When it’s useful

Quick answer: wear on the ribbon bar of the uniform following your service regulations; use clamp fittings for temporary display and screw fittings for a permanent installation. The ribbon suits daily duty wear, ceremonial occasions, or collecting and display.

In most cases, choose the flat version for standard uniform use and the slightly domed Elite variant for formal events or parade dress. For presentation, mount multiple ribbons on a porta-nastrini (ribbon holder) to keep alignment neat and professional.

Care and notes

Basic care keeps the ribbon looking sharp and preserves colours over time.

- Store away from direct sunlight and damp conditions to avoid fading and degradation.
- Clean gently with a soft, dry cloth; avoid abrasive cleaners or solvents.
- Choose screw attachments only if you want a permanent fix—screws are more secure but less easily removed.
- For neat presentation, use a ribbon holder to align multiple ribbons on a uniform or display board.
