Product overview

The Nastrino Benemerenza Ambientale Bronzo is a merit ribbon for individuals or organizations recognized for notable work in environmental protection and conservation. It is intended for service members, civil organizations, or collectors looking for regulation-compliant recognition items.

Definition: the Nastrino Benemerenza Ambientale Bronzo is a 37 mm regulation-format ribbon bar

featuring a small bronzed five-point star at its center, symbolizing environmental merit.

Main features

Designed for formal wear, display on ribbon bars, or presentation purposes, this ribbon offers a choice of finishes and mounting options to suit duty, police, tactical, and military surplus needs.

- **Center emblem:** bronzed five-point star as the merit symbol.
- **Standard size:** regulation 37 mm format.
- **Two finishes:** flat regulation style or slightly domed "Elite" variant for a refined look.
- **Mounting options:** available with a ribbon holder using either a clamp attachment or screw fittings.
- **Multi-place display:** compatible with two-or-more place ribbon bars that hold multiple ribbons on a single metal base.
- **High-quality materials:** made to meet standard presentation and wear expectations.

How to use / When it’s useful

Quick answer: wear it on the service ribbon bar or include it in a presentation display to formally recognize environmental merit. The ribbon suits formal uniforms, award ceremonies, and collections of duty or military surplus items.

In most cases, choose the flat format for standard uniform regulations or the Elite (slightly domed) version for a more polished display. Select the correct holder attachment (clamp or screws) based on how you will mount the ribbon on a metal base or a multi-place ribbon bar.

Care and notes

Simple care keeps the ribbon presentable and ensures the mounting remains secure.

- Keep dry and store flat to preserve shape and finish.
- Clean gently with a soft, dry cloth; avoid strong chemicals or abrasive tools.
- Confirm the desired finish (flat or Elite) and attachment type (clamp or screws) before purchase.
- Limited availability: stock can be low due to demand; check current availability when selecting quantity.

FAQ

Q: What size is the Nastrino Benemerenza Ambientale Bronzo?

A: The ribbon is available in the regulation 37 mm size only, suitable for standard ribbon bars and official displays.

Q: Which finish options are available?

A: You can choose the flat regulatory finish or the slightly domed "Elite" variant for a more refined appearance.

Q: How can the ribbon be mounted?

A: It can be fitted with a ribbon holder using either a clamp-style attachment or screw fittings; select your preferred option when ordering.

Q: Can I mount this ribbon on a multi-place ribbon bar?

A: Yes. The ribbon is compatible with two-or-more place metal ribbon bases designed to hold multiple ribbons together.

Q: What does the bronzed star represent?

A: The bronzed five-point star at the center symbolizes recognition for merit in the protection and conservation of the environment.

Q: How do I know the product quality is reliable?

A: The ribbon is made to regulation size with attention to finish and mounting options, offering the standard quality expected for presentation and wear.

Tip: Choose the finish (flat or Elite) and the mounting option (clamp or screws) that best match your uniform or display needs, and consider related ribbon bars or holders if you plan to assemble multiple ribbons on a single metal base.
