Definition: a red ribbon with a white enameled octagonal cross, symbolizing merit within the Order of Malta. This ribbon is suitable for tactical, military surplus, duty, and police display or ceremonial collections and presentation.

Main features

Designed to reflect the SOSJ emblem and offered in two main shapes and attachment options to suit display and mounting preferences.

- **Red ribbon with white enameled octagonal cross** — clear visual symbol of the Order.
- **Flat regulatory format 37 mm** — classic, discreet profile.
- **Slightly domed Elite variant** — a refined option for a more distinguished look.
- **Attachment choices:** clamp (morsetto) for easy fitting or screw (viti) for fixed mounting.
- **Compatible with multi-place ribbon bars** — can be combined on a single metal base.
- **Limited availability** — demand is high due to its symbolic value.

How to use / When it’s useful

Quick answer: wear it on appropriate uniforms or mount it on a ribbon bar for display. Use the clamp for temporary attachment or the screw option for a permanent fit.

In most cases, this ribbon is used by members, affiliates, or collectors who observe proper protocol from the Order of Malta. It also works well for ceremonial presentations and for organizing military surplus or police/duty ribbon displays on a single metal base.

Care and notes

Handle the ribbon with care to preserve the enamel and fabric finish; choose the attachment that suits how you intend to display or wear it.

- Store in a dry place away from direct sunlight to avoid fading.
- Use the clamp for removable display; use screws for secure, permanent mounting.
- Check organizational rules before wearing the ribbon on official uniforms — possession does not imply entitlement.
- Order options are selectable on the product page (format and attachment); availability may be limited.
