Quick answer: use this nastrino on a ribbon bar, on a metal ribbon mount, or as a loose ribbon to assemble multiple ribbons together for uniforms and displays. It is ideal for ceremonial uniforms, collector displays, tactical or duty presentation boards, and military surplus restorations.

In most cases, choose the 37 mm size for standard ribbon bars and the 20 mm size for smaller or compact mounts; select the Elite domed finish if you prefer a slightly raised profile. Also pick the rear attachment (screws or clamps) that matches your ribbon holder before ordering.
