Product short description:

The Nastrino Sottufficiali Odontotecnici is a ribbon insignia for non-commissioned dental technicians, designed to be worn on uniforms and professional attire.

- **Material:** Made from high-quality materials for a refined, durable appearance.
- **Use:** Intended for uniforms, professional dress, ceremonies and official events; suitable as a recognition of service.
- **Design:** Elegant and distinctive styling that complements formal and daily uniform wear.
- **Purpose:** Adds a formal, professional touch that highlights the role and commitment of the wearer.

Product description:

Product overview

The Nastrino Sottufficiali Odontotecnici is a ribbon badge for personnel who have completed the Sottufficiali Odontotecnici course. It is intended for wear on uniform ribbon bars or multi-ribbon holders used in military and tactical duty displays.

Definition: a 10 mm × 37 mm ribbon badge with a white background and a 2 mm horizontal orange stripe, used as a recognition insignia.

Main features

Designed for clarity and uniform use, this nastrino combines durable materials with selectable mounting options to fit standard ribbon carriers.

- **Size:** 10 mm high × 37 mm wide.
- **Design:** white background with a 2 mm horizontal orange stripe.
- **Mounting options:** flat regulation format or slightly domed Elite variant.
- **Rear fittings:** choice of clamp or screw attachments (selectable in the product menu).
- **Multi-ribbon compatibility:** can be mounted on two-place or multi-place metal ribbon holders.

How to use / When it’s useful

Use this nastrino on standard ribbon bars or multi-ribbon bases to display professional qualification on uniforms and service dress. It suits military and tactical gear displays where formal insignia are required.

Quick answer: choose the flat or Elite domed finish and the rear fitting (clamp or screw) that match your ribbon holder. In most cases, the nastrino will fit standard portanastrini (two or more places) used to group multiple ribbons on a single metal base.

Care and notes

Simple care will keep the nastrino presentable and durable; select the correct format and fitting before ordering.

- Store in a dry place to prevent corrosion of fittings.
- Clean gently with a soft cloth; avoid abrasive cleaners that could damage the finish.
- Confirm the chosen rear attachment (clamp or screw) matches your ribbon holder before checkout.
- Availability may be limited due to demand—check stock status when ordering.

FAQ

Q: What are the exact dimensions of the nastrino?

A: The nastrino measures 10 mm in height and 37 mm in width. The orange stripe across the white background is 2 mm wide.

Q: What mounting and finish options are available?

A: You can choose the flat regulation format or the slightly domed Elite variant. Rear fittings are available as clamps or screws—select the option in the product menu.

Q: Can I mount this on a multi-ribbon holder?

A: Yes. The nastrino can be fitted on two-place or multi-place metal ribbon holders designed to accommodate several ribbons on one base.

Q: What color and markings does the ribbon have?

A: It has a white background with a single horizontal orange stripe 2 mm wide, as specified for the Sottufficiali Odontotecnici insignia.

Q: How do I order the correct variant?

A: Choose the desired format (flat or Elite) and the rear attachment type from the dropdown menu on the product page before adding to cart.

Q: Is this product suitable for tactical or military use?

A: The nastrino is intended for uniform display and is compatible with ribbon bars commonly used in military, tactical, and duty uniform setups.

Tip: Select the right finish (flat or Elite) and rear fitting (clamp or screw) before ordering, and check related ribbon holders to assemble multi-ribbon displays that match your uniform or collection.
