Product overview

The Nastrino Corso Topografia Militare is a ribbon bar for military personnel who have completed the advanced Military Topography course. It is intended for service members who need an official insignia to show qualification and professional achievement.

Definition: this ribbon is a small, wearable insignia with a blue background and a green 2 mm

horizontal stripe, used on duty uniforms and ribbon bars. Available from Tutto Militare in different finishes and attachment types for tactical, duty, and ceremonial use.

Main features

Designed for clarity and durability, the ribbon matches official appearance while offering options for mounting and presentation.

- **Size:** Height 10 mm, width 37 mm, with a 2 mm green horizontal stripe on a blue field.
- **Design:** Clean, traditional color layout for correct visual recognition on uniforms.
- **Finish options:** Regular flat format or slightly domed Elite format for a raised, refined look.
- **Attachment types:** Available with clamps (morsetti) or screws (viti) to suit different mounting needs.
- **Build quality:** Made to durable standards for repeated wear on duty and ceremonial uniforms.

How to use / When it’s useful

Quick answer: mount the ribbon on a two-or-more-place ribbon bar according to standard placement rules for your service. Use clamps for easy changes and screws when you need a more permanent, secure fit.

In most cases, the flat format suits traditional uniforms and daily duty, while the slightly domed Elite format is chosen for a more formal or polished presentation. Consult the ribbon bar specification sheet on our product page for exact placement and spacing instructions before fitting.

Care and notes

Keep the ribbon clean and check fastenings regularly for secure wear during active duty or display.

- Store flat to avoid deforming the ribbon shape.
- Clean gently with a soft cloth; avoid solvents or abrasive cleaners.
- Use clamps to avoid fabric damage; choose screws when a firmer, long-term attachment is needed.
- Check alignment on multi-place ribbon bars for a neat, uniform appearance.

FAQ

Q: What are the exact dimensions of the ribbon?

A: The ribbon measures 10 mm in height and 37 mm in width, with a 2 mm green horizontal stripe on a blue background.

Q: Which finish should I choose: flat or Elite?

A: Choose the flat format for a traditional, low-profile look and the slightly domed Elite format when you want a more polished, three-dimensional appearance.

Q: What attachment options are available?

A: You can select clamps (morsetti) for easy application and removal, or screws (viti) for a more secure, durable fixing.

Q: Can this ribbon be mounted on a multi-place ribbon bar?

A: Yes. Follow the ribbon bar specification sheet on the product page for correct placement and alignment when mounting on two-or-more-place bars.

Q: Is this ribbon authentic to military specifications?

A: The ribbon is produced to match the official appearance used for the Military Topography course; materials and finishes are selected for accurate presentation and durability.

Q: Is availability limited?

A: Stock levels can fluctuate due to demand. If you need a specific finish or attachment, order promptly to secure the desired variant.

Tip: Choose the attachment and format that best match your uniform and mounting needs—clamps for easy changes, screws for secure wear—and browse related ribbons and holders from Tutto Militare to complete your ribbon bar set.
