How to use / When it’s useful

The ribbon is designed to be mounted on a ribbon bar (porta nastrini) with two or more slots or worn as part of a dress uniform. It signals instructor or coordinator qualification at formal events, parades, training centers and official duty occasions.

Quick answer: choose clamps (morsetti) for easy fitting and removal; choose screws (viti) for greater stability during active or long-term use.
In most cases, use the flat format for traditional dress uniforms and the Slightly Domed Elite format if you prefer a more modern look.
