How to use / When it’s useful

Use the Nastrino di Merito Ranger to replace a worn ribbon, assemble a ribbon set on a multi-place holder, or add a recognized Ranger qualification to a service uniform. Quick answer: fit it to a single rear holder or include it on a multi-place ribbon bar for combined display.

For everyday uniform wear choose clamp attachments for convenience; in demanding or long-term installations choose screws for added security. In most cases, the flat format meets regulation requirements while the Elite variant provides a slightly more refined appearance.

- Clean gently with a soft cloth; avoid solvents or abrasive cleaners.
