Product overview

The Nastrino Acquisitore Obiettivi is a service ribbon for military personnel who have completed the Acquisitore Obiettivi course; it identifies training in target acquisition, detection and monitoring. It is intended for armed forces members who wear ribbon bars on uniform dress and duty gear.

Definition: a compact award ribbon measuring 10 mm high by 37 mm wide that denotes completion of the Acquisitore Obiettivi training.

Main features

Designed to match official specifications, this ribbon combines a distinctive maroon background with a narrow black-yellow-black center stripe and is available in practical formats for uniform use.

- **Size:** 10 mm height × 37 mm width.
- **Design:** Maroon base with a 2 mm black-yellow-black horizontal band.
- **Packaging options:** Regular flat format or slightly domed Elite format.
- **Attachment types:** Rear clamps (morsetti) or screws (viti) available.
- **Durability:** Made with selected materials for long-lasting use in operational and ceremonial settings.

How to use / When it’s useful

Mount the ribbon on a two- or multi-place ribbon bar according to standard placement rules. Use clamps for easy fitting and removal or screws for a more secure fit in field or tactical conditions.

Quick answer: choose clamps for frequent removal and screws for permanent or high-stress wear. In most cases, the flat format suits formal dress, while the slightly domed Elite format gives a refined appearance on duty and ceremonial uniforms.

Care and notes

Simple care keeps the ribbon presentable and functional; follow placement guidance for correct alignment and avoid abrasive cleaning.

- Store in a dry place to prevent discoloration.
- Clean gently with a soft, dry cloth; avoid solvents or harsh chemicals.
- Choose clamps if you want a secure hold without perforating the uniform; choose screws for maximum stability.
- Limited availability: demand may be high—check stock when ordering.

FAQ

Q: What are the exact dimensions of the ribbon?

A: The Nastrino Acquisitore Obiettivi measures 10 mm in height and 37 mm in width. The central stripe is 2 mm wide.

Q: Which packaging variants are available?

A: Two main variants: a regular flat format for a classic look and a slightly domed Elite format for a more refined appearance.

Q: What attachment options can I choose?

A: You can select rear clamps (morsetti) for easy application and removal, or rear screws (viti) for greater stability in demanding conditions.

Q: How do I mount the ribbon on a multi-place ribbon bar?

A: Follow the ribbon bar placement instructions provided by your unit or the product's ribbon bar datasheet on the supplier site. Position the ribbon evenly to ensure professional alignment.

Q: Are these ribbons made to official specifications?

A: Yes, production follows the official armed forces specifications stated for this ribbon to ensure correct appearance and dimensions.

Q: Is the ribbon readily available to order?

A: Availability can be limited due to demand. If stock is low, consider selecting your preferred attachment and format early to avoid waiting.

Tip: Choose the right format and attachment for your intended use—flat for formal dress, Elite for a refined look, clamps for easy removal, screws for greater stability—and browse matching ribbon bars and mounting accessories to complete your uniform or duty kit.
