Product short description:

The "Nastrino Ingegnere Chimico Fisico" is a distinctive lapel ribbon that honors achievement in chemical and physical engineering. It is suited for professionals, graduates and academic ceremonies where a refined, professional detail is desired.

- **Material:** Made from quality fabrics with careful stitching for a neat, durable finish.
- **Use:** Ideal for graduation ceremonies, academic events, professional uniforms, and formal occasions.
- **Design:** Elegant, understated styling that adds prestige without being ostentatious.
- **Gift:** A thoughtful keepsake for graduates, colleagues, or industry professionals.

Product description:

Product overview

The **nastrino Ingegnere Chimico Fisico** is a small service ribbon intended for professionals and collectors who need a clear, professional emblem for uniforms, displays, or ceremonial gear. It suits military, tactical, and duty uniforms where compact, recognizable insignia are required.

Definition: a 10 mm high by 37 mm wide black ribbon with a 2 mm horizontal white stripe, representing the Chemical and Physical Engineer designation.

Main features

Compact, professional ribbon available in standard and slightly convex finishes with selectable rear attachment types for easy fitting.

- **Size:** 10 mm (height) × 37 mm (width).
- **Design:** black background with a 2 mm horizontal white band for a clean, formal look.
- **Finish options:** flat regulatory format or slightly convex "Elite" variant.
- **Attachment choices:** rear clamp (morsetti) or screw fastener, selectable from the product options.
- **Multi-ribbon compatibility:** can be mounted on two- or multi-position ribbon bars for orderly display.

How to use / When it’s useful

Use this ribbon on service uniforms, dress gear, or display boards to show professional qualification clearly and respectfully. It is suitable for military, police, and technical duty contexts where compact insignia are needed.

Quick answer: fit the ribbon using the chosen rear attachment (clamp or screw) or include it on a multi-ribbon bar for a neat grouped display. In most cases: choose the flat format for standard uniforms and the Elite convex finish for a slightly raised, more visible profile.

Care and notes

Basic handling and selection guidance to keep the ribbon presentable and ensure correct fit.

- Store flat to avoid bending; avoid heavy folding or crushing.
- Choose the correct attachment type when ordering to match your uniform or display hardware.
- Available in limited quantities due to steady professional demand—check stock before finalizing large orders.

FAQ

Q: What are the ribbon dimensions?

A: The ribbon measures 10 mm in height and 37 mm in width, with a 2 mm horizontal white stripe on a black background.

Q: Which packaging or finish options are available?

A: You can choose the flat regulatory format or the slightly convex "Elite" variant. Select your preferred finish from the product options when ordering.

Q: What attachment types can I choose?

A: The ribbon is offered with a rear clamp (morsetti) or a screw fastener. Pick the attachment that matches your uniform or ribbon bar hardware.

Q: Can this ribbon be used on multi-position ribbon bars?

A: Yes. It can be mounted on two- or multi-position ribbon bars to keep several ribbons neatly arranged on a single metal base.

Q: What is the ribbon design?

A: The ribbon has a black background and a single 2 mm horizontal white band, giving a formal and professional appearance.

Q: Is the ribbon always in stock?

A: Stock is limited due to consistent demand among professionals. If you need multiple pieces, consider ordering early or checking availability before purchase.

Tip: Choose the finish and attachment that match your uniform or display needs, and consider browsing related ribbon bars and mounting accessories to complete a tidy, professional presentation.
