Product short description:

The Nastrino Ingegnere Industriale Formativo Elettronico NON COM is a professional lapel ribbon for people in industrial engineering and electronic training. It provides a discreet, formal accent suitable for office wear and educational events.

- **Material:** High-quality materials for a neat, professional finish.
- **Design:** Elegant, discreet style that complements uniforms and business attire.
- **Use:** Suitable for office settings, training courses and formal industry events.
- **Durability:** Built to withstand daily use while maintaining its appearance.

Product description:

Product overview

The Nastrino Ingegnere Industriale Formativo Elettronico NON COM is a service ribbon designed for industrial electronic engineering personnel and trainees who want a professional insignia for uniforms and formal wear. It is intended for technicians, duty personnel and collectors of military surplus-style accessories who need a clear, compact ribbon identifying their role.

Definition: a 10 mm (height) by 37 mm (width) ribbon on a black field with a 2 mm red horizontal stripe. This small badge combines a refined look with practical mounting options for everyday or ceremonial use.

Main features

Simple, durable design suitable for uniforms, formal jackets and display boards. Available in two surface finishes and multiple mounting options to fit different needs.

- **Classic design:** black background with a 2 mm red horizontal stripe for a professional appearance.
- **Exact size:** 10 mm high × 37 mm wide, ideal for ribbon bars and uniform placement.
- **Finish options:** regular flat or slightly domed Elite variant for a more pronounced look.
- **Mounting choices:** can be supplied with a single ribbon holder fitted with rear clamps or screws (selectable in product options).
- **Multi-ribbon compatibility:** can be grouped on two-or-more slot ribbon mounts for consolidated display.
- **Suitable uses:** fits duty and police uniforms, tactical display boards, and military-surplus collections.

How to use / When it’s useful

Use the ribbon mounted on a single holder or combined on a multi-slot base depending on how many ribbons you wear. Quick answer: attach with the chosen holder (clamp or screws) to uniforms, presentation boards, or formal attire for a neat, professional look.

Ideal for formal occasions, training recognition, or uniform identification in workplace and ceremonial settings. In most cases, choose the flat variant for everyday wear and the Elite domed finish for a slightly more formal or display-oriented appearance.

Care and notes

Basic care keeps the ribbon looking sharp; select mounting and finish carefully when ordering. Note limited stock and available options to ensure you get the right combination.

- Keep clean and dry; wipe gently with a soft cloth.
- Select clamp or screw attachment in the product options before checkout.
- Available in limited quantities—order soon if required for events.
- For multi-ribbon setups, select the appropriate multi-slot holder option when ordering.

FAQ

Q: What are the ribbon dimensions?

A: The ribbon measures 10 mm in height and 37 mm in width, with a 2 mm red horizontal stripe on a black background.

Q: Which finishes are available?

A: Two finishes are offered: the regular flat format and the slightly domed Elite variant. Choose based on whether you want a standard or display appearance.

Q: What mounting accessories come with the ribbon?

A: The ribbon can be supplied with a single ribbon holder fitted with rear clamps or with screws. The attachment type is selectable among the product options.

Q: Can this ribbon be fitted on multi-slot holders?

A: Yes. It can be grouped on two-or-more slot ribbon mounts so multiple ribbons share a single metal base for consolidated display.

Q: Is the product widely available?

A: No, stock is limited. Demand is high due to the design and mounting options, so consider ordering early if you need several pieces.

Q: Is this ribbon suitable for tactical, duty or police uniforms?

A: Yes. The ribbon is designed to suit duty and police uniforms, tactical displays and collectors of military surplus-style insignia, serving as a professional identifier rather than an official certification.

Tip: Choose the finish and attachment type that match your uniform or display needs, and check multi-slot holder options if you wear more than one ribbon. Browse related ribbon and holder variants to complete a neat, professional setup.
