Product short description:

The Istruttore Militare Scelto Sci Combattimento Montagna is a mountain combat ski designed for military instructors, mountain professionals and operators who require reliable performance in harsh alpine conditions.

- **Construction:** Durable yet lightweight build for strength without added weight.
- **Control:** Engineered to provide precise handling and consistent control across varied terrain.
- **Stability:** Advanced structure delivers stability and accurate response during technical descents.
- **Comfort:** Ergonomic design reduces fatigue for long missions and extended use.
- **Use:** Intended for high-altitude operations and professionals seeking dependable equipment.

Product description:

Product overview

This ribbon (nastrino) is the official device for personnel who have earned the Istruttore Militare

Scelto Sci Combattimento Montagna instructor brevet. It is intended for serving personnel, veterans, collectors, and military surplus or tactical gear retailers.

Definition: a small service ribbon 10 mm x 37 mm that identifies the Istruttore Militare Scelto Sci Combattimento Montagna qualification. The ribbon is green with a 2 mm red border and a central gold "S".

Main features

Compact, durable ribbon available in two finish options and multiple attachment types to fit uniform ribbon bars or display mounts.

- **Size:** 10 mm high × 37 mm wide.
- **Appearance:** green field with a 2 mm red frame and a gold letter "S" at the center.
- **Formats:** regular flat or bombed "Elite" variant for a raised finish.
- **Attachment options:** rear clamps or screws, selectable from the dropdown.
- **Mounting:** compatible with metal ribbon mounts with two or more positions for combined decorations.
- **Build:** made with durable materials suited for uniform wear and display.

How to use / When it’s useful

Quick answer: select the attachment type (clamps or screws) based on your uniform or display base, then mount the ribbon alone or on a multi-slot metal bar. The ribbon can be worn on service uniforms or added to a collector’s display.

In most cases, the flat format is used for standard uniform wear and the bombed Elite variant is chosen for a more pronounced, sculpted look on display mounts. Choose the correct attachment to ensure a secure fit on your chosen ribbon bar.

Care and notes

Simple care keeps the ribbon presentable and ensures attachments remain secure.

- Keep dry and avoid abrasive cleaners; wipe gently with a soft cloth.
- Confirm attachment type before ordering to match your uniform or metal mount.
- Compatible with multi-position metal ribbon mounts; verify spacing if combining with other ribbons.
- Limited stock: availability may be restricted due to production processes.

FAQ

Q: What are the ribbon dimensions?

A: The ribbon measures 10 mm high and 37 mm wide.

Q: What colors and markings does the ribbon have?

A: It is green with a 2 mm red border and features a gold letter "S" at the center indicating the instructor title.

Q: Which attachment options are available?

A: You can choose a rear attachment with clamps or with screws; select the preferred option in the product dropdown.

Q: Can the ribbon be mounted on metal ribbon bars?

A: Yes. It fits metal bases with two or more positions designed to hold multiple decorations.

Q: What is the difference between regular and Elite formats?

A: The regular format is flat; the Elite variant has a bombed (raised) shape for a more three-dimensional appearance.

Q: Is this item suitable for collectors and tactical stores?

A: Yes. It is suitable for collectors, military surplus retailers, tactical gear displays, and duty or police presentation where the qualification applies.

Tip: When ordering, choose the format (regular or Elite) and the attachment type that match your uniform or display base. Also check related ribbon mounts and multi-slot metal bases to complete your presentation.
