How to use / When it’s useful

Quick answer: Wear the nastrino on your service ribbon bar or order it mounted on a single- or multi-place holder for uniform or display use. Choose clamp or screw attachment when ordering based on how you prefer to secure it.

In most cases, choose the regulation flat format for official duty wear; the slightly domed Elite variant is suitable for presentation pieces or collector displays. It is appropriate for military instructors and for those who maintain period-accurate tactical or duty uniforms.
