Product overview

The Nastrino Osservatore Meteo is a ribbon bar awarded to personnel who hold the qualification of osservatore meteo or meteonivometrico within the Corpo Forestale, recognized by the Amministrazione CFS. Definition: this is an official service ribbon that identifies trained meteorological observers.

Made to a high standard and available in standard flat or a slightly curved "Elite" finish, the ribbon

is suitable for uniform use and of interest to tactical, military surplus, duty and police collectors who value authentic insignia.

Main features

Simple, clear design and practical mounting options make this nastrino suitable for formal uniforms and display on ribbon mounts.

- **Official use:** Awarded to staff with CFS-recognized meteorological observer qualification (osservatore meteo / meteonivometrico).
- **Size:** 10 mm high × 37 mm wide on a white field with a single horizontal green stripe.
- **Finish options:** Available in the regulation flat format or the slightly curved "Elite" variant.
- **Mounting choices:** Fitments available with clamp or screw attachments to suit different uniforms.
- **Multiple mounting:** Can be arranged on multi-ribbon metal mounts to join several ribbons on one base.
- **Durability:** Manufactured to offer lasting appearance for uniform use.

How to use / When it’s useful

Wear the nastrino on the appropriate uniform placement as specified by your unit or service regulations. Choose the flat or Elite variant according to dress code or personal preference.

Quick answer: This ribbon identifies qualified meteorological observers and is intended for authorized personnel. In most cases, select the mounting type (clamp or screws) that matches your uniform’s existing ribbon system or the multi-ribbon base you use for other insignia.

Care and notes

Basic care will keep the nastrino looking its best; handle it as you would any uniform insignia and verify eligibility before purchase.

- Store in a dry place to avoid corrosion of any metal mountings.
- Clean gently with a soft cloth; avoid harsh chemicals.
- Verify that you are eligible to wear this award; it is intended for personnel with the stated qualification.
- Availability can be limited—choose your preferred variant when ordering.

FAQ

Q: Who can receive the Nastrino Osservatore Meteo?

A: It is issued to personnel who have obtained the osservatore meteo or meteonivometrico qualification within the Corpo Forestale, as recognized by the Amministrazione CFS. Confirm

your eligibility through your unit or administration.

Q: What are the exact dimensions of the ribbon?

A: The nastrino measures 10 mm in height and 37 mm in width, with a white field and a single horizontal green stripe.

Q: Which finish options are available?

A: You can choose the regulation flat format or the slightly curved "Elite" variant, depending on preference and uniform regulations.

Q: What mounting options exist?
