Product short description:

The "Nastrino Plurispecialista Mine Risk Education" is a commemorative ribbon honoring commitment to mine-risk awareness and prevention. Wearing it conveys a message of hope and protection and highlights the importance of education and prevention.

- **Material:** Made from high-quality materials for a neat, durable finish.
- **Use:** Wear on clothing or uniforms to show support and raise awareness.
- **Meaning:** Symbolizes dedication to safety, education and the protection of civilians.
- **Ideal for:** Mine-action specialists, trainers, NGOs and supporters as a tangible recognition of their work.

Product description:

Product overview

The Plurispecialista Mine Risk Education ribbon is a service ribbon awarded to CMCRI personnel who have completed the Operatore Plurispecialista Mine Risk Education course. Definition: a small service ribbon worn on a uniform to show qualification in mine risk education.

This ribbon is suitable for authorized uniform wear, ceremonial display, or as part of a collection of military and tactical insignia. It is produced in limited quantities with care to preserve the correct

appearance and authenticity.

Main features

Clear, precise design and multiple mounting options make this ribbon practical for uniform use or display.

- **Dimensions:** 10 mm height × 37 mm width.
- **Design:** yellow background with a 2 mm maroon horizontal band and a silver five-point star at the center.
- **Format options:** regular flat or slightly domed (Elite) finish.
- **Rear attachments:** available with clamp or screw fittings, selectable in product options.
- **Multi-ribbon mounting:** can be fitted on two-or-more position metal ribbon bars for tidy group display.
- **Limited availability:** made with attention to detail to ensure consistent appearance.

How to use / When it’s useful

Quick answer: Wear the ribbon on your service ribbon bar in the authorized position if you are a CMCRI-qualified operator, or add it to a display or collection of military and tactical insignia. In most cases, the ribbon is used on duty or ceremonial uniforms, and it fits standard ribbon mounts.

Choose the mounting style based on how you plan to use it: clamps for easier removal and repositioning, screws for a more secure fit. It is suitable for military, police, and other duty uniform presentations where the wearer is authorized to display the qualification.

Care and notes

Simple care preserves the ribbon’s appearance and ensures proper fit on ribbon bars and mounts.

- Clean gently with a soft, dry or slightly damp cloth; avoid solvents or abrasive cleaners.
- Select the correct rear attachment (clamp or screw) when ordering to match your ribbon bar.
- Intended for authorized wear or for collectors; do not claim the qualification if you have not completed the course.
- Stock is limited—check the product options and quantities before purchasing.

FAQ

Q: Who can receive the Plurispecialista Mine Risk Education ribbon?

A: The ribbon is conferred to CMCRI personnel who have successfully completed the Operatore Plurispecialista Mine Risk Education course. Buyers should ensure they are authorized to wear it.

Q: What are the ribbon dimensions?

A: The ribbon measures 10 mm in height and 37 mm in width, following the dimensions used for standard service ribbons.

Q: Which mounting and finish options are available?

A: Options include a regular flat finish or a slightly domed "Elite" finish, with rear attachments available as clamps or screws selectable in the product options.

Q: Can I combine this ribbon with other ribbons?

A: Yes. The ribbon can be mounted on multi-position metal ribbon bars (two or more places) for an orderly group display.

Q: Is this ribbon an official recognition item?

A: The ribbon represents the recognition awarded to CMCRI personnel who completed the specified course. Verify any local uniform regulations before wearing on duty or public service uniforms.

Q: How do I purchase and choose the right variant?

A: Add the product to your cart and select the desired finish and rear attachment from the product options. Check availability, as quantities are limited.

Tip: When ordering, choose the correct finish (flat or Elite) and rear attachment (clamp or screw) to match your ribbon bar; also consider browsing matching ribbon mounts and related tactical, military, or duty insignia to complete your display.
