Product short description:

The Nastrino Operatore Soccorso Tecniche Speciali SMTS is a recognition ribbon for operators involved in advanced rescue techniques. It is intended for rescue personnel who wish to display their role and professionalism on uniforms.

- **Material:** Made from high-quality materials for durable, everyday wear.
- **Use:** Designed to be worn on uniforms as a visible sign of service in complex rescue operations.
- **Fit:** Compact, low-profile design suited to standard uniform placement.
- **Recognition:** A clear, professional symbol of commitment and specialized rescue competence.

Product description:

Product overview

The Nastrino Operatore Soccorso Tecniche Speciali SMTS is a service ribbon for CMCRI personnel who have completed the Operatore Soccorso Tecniche Speciali SMTS course. Definition: a 37 mm x 10 mm recognition ribbon worn by trained SMTS rescue operators.

This ribbon identifies trained operators in medical and technical rescue roles and is suitable for use on duty uniforms, tactical dress, or collection displays. Available in limited quantities for qualifying personnel.

Main features

Compact, clearly marked, and offered with multiple mounting options to suit duty, tactical, or display use.

- **Size:** 10 mm high × 37 mm wide.
- **Appearance:** Yellow background with a 2 mm horizontal blue stripe.
- **Finish options:** Regular flat format or slightly domed "Elite" variant.
- **Mounting:** Rear attachment available with clamps or screws to fit uniform requirements.
- **Ribbon bars:** Can be assembled on multi-ribbon bars (portanastrini) for a neat, professional look.

How to use / When it’s useful

Wear the ribbon on the designated position of your uniform or attach it to a ribbon bar for formal or operational duty. It serves as an identifiable sign of qualification for medical and technical rescue teams.

Quick answer: Wear it where your unit regulations specify for service ribbons. In most cases, mount it on a ribbon bar when combining multiple awards or use the chosen rear attachment (clamps or screws) for direct mounting.

Care and notes

Keep the ribbon clean and mounted securely; choose the mounting style that matches your uniform or display. Note availability and confirm eligibility before ordering.

- Store in a dry place to preserve color and finish.
- Choose clamps or screws based on your uniform or display needs.
- Order the Elite domed option if you prefer a slightly raised finish.
- Limited quantities: availability may be restricted to qualifying personnel.

FAQ

Q: Who receives the Nastrino Operatore Soccorso Tecniche Speciali SMTS?

A: The ribbon is awarded to CMCRI personnel who have successfully completed the Operatore Soccorso Tecniche Speciali SMTS course. It denotes qualification in specialized rescue techniques.

Q: What are the ribbon dimensions?

A: The ribbon measures 10 mm in height and 37 mm in width, with a 2 mm horizontal blue stripe on a yellow background.

Q: What finish and format options are available?

A: Available in a regular flat format and a slightly domed "Elite" variant. Select the finish that matches your uniform regulations or personal preference.

Q: Which mounting methods are offered?

A: Rear attachments are offered with either clamps or screws to fit different uniform types or display preferences.

Q: Can the ribbon be mounted on a multi-ribbon bar (portanastrini)?

A: Yes. The ribbon can be assembled on multi-ribbon bars designed to house several ribbons on a single metal base for a tidy appearance.

Q: How do I order the ribbon?

A: Add the chosen variant and mounting option to your cart and complete checkout. Confirm eligibility and preferred mounting before purchasing.

Tip: Pick the mounting style (clamps or screws) and finish (flat or Elite) that match your uniform or ribbon bar. Browse related ribbon bars and mounting accessories to assemble a complete, professional display without delay.
