Product short description:

SMTS Specialization Ribbon for Advanced Rescue Techniques — a recognition ribbon intended for emergency responders who have completed specialized rescue training. Worn on the uniform, it denotes dedication, expertise and professional commitment in advanced lifesaving operations.

- **Material:** Made from high-quality materials and designed to last under demanding conditions.
- **Use:** Wear on your uniform to show specialization in particular rescue techniques.
- **Recognition:** Represents skills acquired through rigorous, specialized training.
- **Who it's for:** Ideal for personnel who have reached advanced levels of preparation and seek formal recognition.

Product description:

Product overview

The **Nastrino Specializzazione in Tecniche Particolari di Soccorso SMTS** is the service ribbon awarded to personnel of the Corpo Militare della Croce Rossa Italiana (CMCRI) who have completed the SMTS specialization course. It is intended for CMCRI members and for collectors

of military insignia and tactical gear.

Definition: A service ribbon (nastrino) that denotes completion of the Specialization in Particular Rescue Techniques (SMTS). This military ribbon functions as a tactical insignia and duty ribbon for authorized wear.

Main features

Key details and design elements for identification and mounting.

- **Size:** 10 mm height × 37 mm width (format 37 mm).
- **Design:** Yellow background with a 2 mm horizontal blue band and a central gold number "2".
- **Variants:** Available in regular flat format or the bombed "Elite" variant.
- **Attachments:** Rear fittings available with clamps (morsetti) or screws (viti).
- **Compatibility:** Can be fitted on multi-ribbon mounts (portanastrini) that hold several ribbons on a single metal base.

How to use / When it’s useful

Quick answer: Wear this ribbon on your CMCRI ribbon bar only if you have been officially awarded it following the SMTS course. In most cases, official issue and authorised wear are governed by unit regulations.

For display or collection, choose the attachment and variant that match your existing ribbon bar or mount. The ribbon’s 37 mm format and available rear fittings make it suitable for standard multi-ribbon mounts used in military surplus and tactical displays.

Care and notes

Basic handling and important eligibility notes to keep the ribbon in proper condition and ensure correct use.

- Store dry and avoid prolonged exposure to sunlight to prevent colour fading.
- Clean gently with a soft cloth; avoid abrasive cleaners or harsh chemicals.
- Check that the chosen attachment (clamp or screw) matches your ribbon bar before fitting.
- Warning: This ribbon represents an official qualification and should only be worn by personnel who have been formally awarded it.

FAQ

Q: Who can obtain the Nastrino Specializzazione in Tecniche Particolari di Soccorso?

A: The ribbon is conferred to personnel of the Corpo Militare della Croce Rossa Italiana (CMCRI)

who have completed the SMTS specialization course. Check unit regulations for official issue and wear.

Q: What are the exact dimensions of the ribbon?

A: The ribbon measures 10 mm in height and 37 mm in width, with a 2 mm horizontal blue band and a central gold number "2".

Q: Which variants and fittings are available?

A: Available in regular flat format or the bombed "Elite" variant. Rear attachments can be supplied with clamps (morsetti) or screws (viti) to suit different mounting needs.

Q: Can this ribbon be mounted on a multi-ribbon bar (portanastrini)?

A: Yes. The ribbon is compatible with multi-ribbon mounts designed to hold several ribbons on a single metal base in the 37 mm format.

Q: Is this an official award or a commercial replica?

A: The nastrino denotes the official SMTS specialization. Official awards are granted by the Corpo Militare; commercial offerings represent the ribbon piece itself and do not substitute official certification.

Q: How can I purchase this ribbon?

A: Add the product to your cart to secure available stock. Note that quantities may be limited and demand can be high for this service ribbon.

Tip: Choose the variant (regular flat or Elite) and the rear attachment (clamps or screws) that match your ribbon bar. Consider browsing compatible multi-ribbon mounts and related military ribbon accessories to complete your display or uniform setup.
