Product overview

The Nastrino Bagnino di Salvataggio SNS is a ribbon badge for certified lifeguards issued by the Società Nazionale Salvamento (SNS). It is designed for lifeguards and rescue personnel who have completed the official SNS rescue course and need a clear, professional insignia for duty uniforms.

Definition: the Nastrino Bagnino di Salvataggio is a 37 mm ribbon badge in light blue with a 2 mm

white central stripe, used as a visual mark of rescue qualification. It is easy to wear on uniforms and compatible with multi-ribbon holders for tactical, military surplus, duty and police-style displays.

Main features

Key specifications and design details that matter when choosing a lifeguard ribbon badge.

- **Issuer:** Società Nazionale Salvamento (SNS).
- **Size:** 10 mm high × 37 mm wide (standard 37 mm format only).
- **Color:** vivid light blue with a 2 mm white horizontal stripe at the center.
- **Available finishes:** flat regular or slightly domed "Elite" version for a three-dimensional look.
- **Rear fittings:** choice of clamp (quick on/off) or screw (more permanent).
- **Compatibility:** fits on single ribbon mounts or multi-ribbon holders for multiple awards.

How to use / When it’s useful

Wear the ribbon on the chest area of the uniform where insignia are normally displayed. Quick answer: use the clamp fitting if you need to remove the ribbon frequently; choose screws if you want a more secure attachment.

In most cases, wear the Nastrino alongside other service ribbons or on a multi-ribbon holder for a tidy, professional presentation. It is useful for lifeguards on beaches, pools, rescue teams and training displays where clear identification of qualifications is required.

Care and notes

Simple care keeps the ribbon visible and durable; follow these basic recommendations.

- Keep the ribbon clean by wiping gently with a soft, damp cloth; avoid harsh chemicals.
- Check fittings regularly to ensure clamps or screws are secure before wearing on duty.
- The ribbon is produced only in the 37 mm SNS standard format; do not alter dimensions.
- Reserved use: the Nastrino Bagnino di Salvataggio is intended for those who hold the SNS rescue brevetto.

FAQ

Q: Is the Nastrino Bagnino di Salvataggio available in different sizes?

A: No. The ribbon is produced exclusively in the 37 mm standard format in line with SNS specifications.

Q: What rear fittings can I choose?

A: You can select either clamp fittings for quick application and removal or screw fittings for a more permanent, stable attachment.

Q: Can I display multiple ribbons together?

A: Yes. Use a multi-ribbon holder to mount two or more nastrini on a single metal base for an organized presentation.

Q: What is the difference between the flat and "Elite" formats?

A: The flat format offers a traditional, discreet look. The "Elite" variant is slightly domed for a subtle three-dimensional effect.

Q: Can anyone buy this ribbon?

A: The Nastrino Bagnino di Salvataggio is intended for individuals who have completed the SNS rescue course and hold the corresponding brevetto.

Q: How do I maintain the ribbon’s appearance?

A: Gently clean with a damp cloth, avoid solvents, and check the fittings periodically to keep the ribbon secure and visible during duty.

Tip: Choose the flat or "Elite" variant and the rear fitting that best match your uniform and usage. Consider a multi-ribbon holder if you have multiple qualifications, and browse related duty and tactical display items to complete a neat, professional setup.
