How to use / When it’s useful

Quick answer: attach the ribbon to a portanastrini (ribbon mount) using the chosen rear clamps or screws for wear or display. In most cases, collectors place this ribbon on a two-or-more place ribbon bar alongside other period ribbons.

This nastrino is useful when restoring a historic uniform, assembling a collector’s display, or selling as part of military surplus and tactical gear inventory. Choose the flat or Elite finish based on the visual effect you want for uniforms or showcases.

Care and notes

Basic care preserves the ribbon and the bronze crown while keeping its historic appearance.

- Store dry and away from direct sunlight to prevent fading.
- Handle the bronze crown carefully to avoid scratches or unintended bending.
- Do not machine wash the ribbon; spot clean gently if needed.
- Availability is limited; stock levels can change quickly due to demand.
