Product short description:

A folding military shovel made for outdoor use and survival kits. Compact and lightweight, it’s suitable for hikers, campers and anyone who needs a reliable tool for digging and light cutting.

- **Use:** Folding shovel for camping, hiking and general outdoor tasks.
- **Design:** Folds easily for simple storage and transport.
- **Material:** Made from durable materials to withstand field use.
- **Handle:** Ergonomic grip ensures a secure hold during use.
- **Blade:** Sharpened edge for digging, cutting roots and similar tasks.

Product description:

Product overview

The Foldable Military Shovel is a compact, multi?tool shovel designed for hikers, campers, survivalists and tactical users. It combines a sturdy manganese steel blade with a foldable design to suit outdoor, tactical and military surplus needs.

Definition: a foldable survival shovel made from manganese steel for digging, cutting and light chopping tasks. It is a practical duty/tactical tool for outdoor work and emergency use.

Main features

Built for durability and multi?purpose use, this shovel is compact to carry and simple to deploy when needed.

- **Material:** manganese steel blade for strength and wear resistance.
- **Foldable 180°:** folds flat for compact storage and transport.
- **Folded size:** 26.59 x 23.49 x 7.49 cm (folded in its case).
- **Weight:** 1.39 Kg — light enough for backpacks and vehicle kits.
- **Multi?function head:** works as a shovel, temporary hoe, machete and saw.
- **Triangular stabilizer handle:** ergonomic design to reduce fatigue during use.
- **Transport options:** storage pouch and A.L.I.C.E. hooks for belt or pack attachment.

How to use / When it’s useful

Use this foldable shovel for campsite digging, clearing brush, making fire pits, digging vehicle recovery trenches, or simple survival tasks. It is also useful for tactical and military surplus kits where compact, multi?purpose tools are needed.

Quick answer: fold it open to working position and ensure it is stable before applying force. In most cases, use gloves and clear the working area first to avoid damage or injury.

Care and notes

Basic maintenance keeps the shovel reliable: clean off dirt after use, dry it thoroughly and store it folded in its pouch. Handle the blade carefully and follow common safety practices.

- Wipe clean and dry after use to reduce corrosion; apply light oil if storing long term.
- Check the folding joint for secure engagement before use; do not force if jammed.
- Keep away from children and store in the provided case when not in use.
- Wear gloves and eye protection when sawing or cutting with the blade edge.

FAQ

Q: What are the folded dimensions of the shovel?

A: Folded dimensions are 26.59 x 23.49 x 7.49 cm as measured with the shovel in its case. This makes it compact for packs and storage.

Q: How much does the shovel weigh?

A: The shovel weighs 1.39 Kg. It is designed to be lightweight enough for hiking and vehicle emergency kits while remaining sturdy for heavy use.

Q: What material is the blade made from?

A: The blade is made of manganese steel, chosen for its strength and wear resistance. Regular cleaning helps maintain its condition.

Q: Can the shovel be used for tasks other than digging?

A: Yes. The head can serve as a temporary hoe, machete and saw for light cutting and clearing tasks. It is a multi?tool for outdoor and survival situations.

Q: How do I carry the shovel during hikes?

A: The shovel fits in most backpacks when folded and can be attached to a belt or pack using the included A.L.I.C.E. hooks for quick access.

Q: Is this shovel suitable for police or duty use?

A: It is a military?style, tactical shovel suitable for outdoor, survival and many duty tasks. For official police or departmental use, verify that it meets your unit’s equipment policies and standards.

Tip: Choose the right variant or size for your kit and check related tactical and military surplus tools to complete your setup. Consider adding a protective sheath and basic maintenance oil to prolong the tool’s life.
