Product short description:

The Parka Sovrapantaloni Vegetati is a durable, waterproof outer parka designed to be worn over trousers for outdoor and field use. Ideal for hikers, hunters and outdoor workers, it provides reliable protection from wind and rain while helping to keep you warm and dry.

- **Material:** Durable, waterproof fabric creates an effective barrier against wind and rain to maintain dryness and comfort.
- **Camouflage:** Vegetation-pattern camouflage blends with natural surroundings, suitable for hiking, hunting and outdoor activities.
- **Features:** Practical pockets and adjustable closures offer secure storage and a customizable fit.
- **Use:** Designed for outdoor adventures and field work where functionality, comfort and weather protection are required.

Product description:

Product overview

The Parka Sovrapantaloni Vegetati is a waterproof, windproof over-pant made in vegetato fabric for outdoor, tactical, and duty use. It is designed for users who need reliable protection from rain, wind and cold — ideal for hikers, field staff, police and military surplus enthusiasts.

Definition: A semi-rigid, taped-seam over-pant in vegetato fabric that combines weather protection with adjustable fit and easy on/off features.

Main features

Built to be practical and durable, these over-pants balance protection, breathability and user comfort for long outdoor shifts or activities.

- **Vegetato fabric** — authentic vegetato pattern/material offering a tactical look and durable performance.
- **H2O waterproof, breathable and windproof** — sheds rain and wind while allowing moisture vapour to escape.
- **Semi-rigid construction with taped internal seams** — improves durability and extends

garment life.
- **Two side pockets with flaps** — secure storage for small items.
- **Adjustable waist** — elastic drawcord and toggle plus snap-button closure for a custom fit.
- **Velcro-adjustable vegetato suspenders** — fixed (non-removable) but adjustable for comfort.
- **38 cm leg zippers and ankle Velcro** — long rear/side zippers ease donning and ankle closure prevents ingress of cold and moisture.

How to use / When it’s useful

Quick answer: Wear these over your regular trousers when you expect rain, wind or wet conditions, or when you need a durable tactical overlayer for work or field use. The long zippers make them easy to put on over boots.

In most cases, use them for outdoor tasks like hiking, camping, patrol or any duty requiring weather protection. Their breathable, taped-seam design helps reduce internal condensation during active use.

Care and notes

Maintain the Parka Sovrapantaloni Vegetati by following gentle cleaning and drying practices to preserve waterproofing and taped seams.

- Machine wash on a gentle cycle; use mild detergent and avoid fabric softeners to protect waterproofing.
- Tumble dry low or hang to dry; avoid high heat that can damage taped seams and fabric coatings.
- Do not remove the suspenders — they are fixed but adjustable via Velcro.
- Store dry and folded to prevent mildew; inspect taped seams periodically for wear.

FAQ

Q: What sizes are available for the Parka Sovrapantaloni Vegetati?

A: Sizes range from S to XXL. Check the store size guide to match waist and leg measurements for the best fit.

Q: Is the vegetato fabric waterproof?

A: Yes, the fabric is H2O waterproof and features taped internal seams to improve water resistance in wet conditions.

Q: Are the suspenders removable?

A: No, the suspenders are not removable. They are Velcro-adjustable to adapt the fit and improve comfort.

Q: How do I adjust the waist and ankle closures?

A: The waist adjusts with an elastic drawcord and toggle plus a snap-button closure. Ankles use Velcro straps for a secure seal against cold and moisture.

Q: Is this suitable for tactical, duty or police use?

A: Yes. The design and vegetato fabric make it suitable for tactical and duty applications where waterproof, breathable over-pants are needed.

Q: How long is the leg zipper and why does it matter?

A: The leg zipper is 38 cm long, which allows easy donning and doffing over boots and helps with ventilation when needed.

Tip: Choose the right size (S–XXL) for layering over base trousers; consider the activity and boot size when selecting length. Browse related tactical and military surplus outerwear to complete your rain and duty kit.
