Product short description:

The Vegetation-Pattern Fleece Sweater is a soft, high-quality pullover made for outdoor adventures or relaxing at home. Ideal for outdoor enthusiasts and anyone seeking breathable, comfortable warmth with a refined, understated look.

- **Material:** Soft, high-quality fleece offering reliable warmth and good breathability.
- **Use:** Suited to outdoor activities, layering under a jacket, or everyday casual wear.
- **Fit:** Relaxed, comfortable fit with neat finishes for easy wear.
- **Design:** Vegetation-style pattern that adds an original yet subtle touch of style.

Product description:

Product overview

The Maglione Pile Vegetato is a mid-weight fleece sweater designed for outdoor work and leisure, suited to hikers, field workers, and anyone needing reliable warmth with a tactical look. It

pairs practical thermal performance with the Italian "vegetato" camouflage pattern favored in military surplus and tactical gear.

Definition: a 100% polyester, half-zip fleece sweater with a high collar and a 440 g weight that provides effective insulation. Ideal for tactical, duty, police, and outdoor use where warmth and durability matter.

Main features

Built for durability and thermal comfort, the sweater combines a classic camouflage pattern with practical details for layering and weather protection.

- **Material:** 100% polyester for durability and easy care.
- **Pattern:** Italian "mimetico vegetato" camouflage for a tactical, military surplus style.
- **Thermal performance:** 440 g weight offers reliable insulation for cool conditions.
- **Half-zip design:** Zip at mid-neck for quick temperature regulation and easy on/off.
- **High collar:** Extra neck protection against wind and cold.
- **Durable construction:** Designed for repeated outdoor use and field conditions.

How to use / When it’s useful

Quick answer: wear it as a mid-layer in cold weather or as an outer layer in mild conditions. The half-zip and high collar let you regulate body temperature quickly while working or moving outdoors.

In most cases, use it for hiking, camping, patrols, or hands-on outdoor tasks where a balance of warmth and mobility is needed. It works well under a shell jacket for wind and rain protection or alone for everyday duty and tactical wear.

Care and notes

Follow the garment label for best results; caring for the fleece will help preserve insulation and the camouflage print.

- Machine washable on a gentle cycle; follow label instructions for temperature.
- Avoid high heat drying to prevent fabric damage; tumble dry low or air dry recommended.
- Do not bleach; use mild detergent and avoid fabric softeners to retain performance.
- Available only in the Italian "vegetato" camouflage pattern.

FAQ

Q: What sizes are available for the Maglione Pile Vegetato?

A: Sizes range from S to XXL. Check the retailer’s size guide to choose the best fit for layering

and mobility.

Q: Can I wash the fleece in a washing machine?

A: Yes, it is machine washable. Use a gentle cycle, mild detergent, and follow the care label to maintain fabric quality.

Q: Is this fleece suitable for outdoor activities like hiking and camping?

A: Yes. Its insulation and camouflage pattern make it suitable for hiking, camping, and other outdoor or tactical activities.

Q: Is the high collar adjustable?

A: The collar is designed to be adjusted with the half-zip, allowing quick ventilation or added neck protection when zipped up.

Q: Are there other color options?

A: Currently the sweater is only available in the Italian "mimetico vegetato" pattern.

Q: How warm is the Maglione Pile Vegetato?

A: The fleece weighs 440 g and provides solid insulation for cool to cold conditions; layer appropriately for very low temperatures or wet weather.

Tip: Choose the size that allows comfortable layering and check the size guide before ordering. Browse related tactical and military surplus items to complete your outdoor or duty kit.
