How to use / When it’s useful

Quick answer: Wear it as a mid-layer or outer layer in cold weather for work, patrols, outdoor activity, or everyday use. The zip neck makes it easy to adjust warmth on the move.

In most cases, this sweater works well as a durable, warm layer under a jacket or over a base layer for hiking, tactical tasks, military surplus styling, and routine duty. Its neutral khaki color matches other tactical or casual gear.
