Product short description:

The Plano Military Trunk with Wheels and Handles is a rugged, practical storage case for adventurers, military personnel and anyone who needs secure, mobile storage for equipment and personal items.

- **Material:** Built from high-quality materials for durable use.
- **Capacity:** Generous internal space to store gear and personal effects.
- **Mobility:** Sturdy wheels and ergonomic handles for easy transport.
- **Protection:** Designed to shield contents from impacts and bad weather.
- **Use:** Suitable for field use, travel or organized storage at home.

Product description:

Product overview

The Baule Militare Plano with wheels and handles is a 100 L military-style trunk designed for transporting and storing tactical gear, military surplus, duty equipment and police kits. It is intended for military personnel, first responders, security teams and anyone who needs a durable, portable storage solution.

Definition: The Baule Militare Plano is a 100-liter polypropylene (PP) trunk with removable

wheels, reinforced removable lid and double closures for secure equipment transport and storage.

Main features

Built for durability and practical transport, this trunk combines robust materials with features that make packing, moving and organizing equipment easier.

- **Capacity:** 100 liters.
- **Material:** Recyclable polypropylene (PP) shell for impact resistance and long service life.
- **Mobility:** Two robust, removable wheels with a steel axle for easier movement when loaded.
- **Secure closures:** Double front and rear latches; can be secured with two or more padlocks.
- **Removable reinforced lid:** Top closing panel is reinforced and removable for flexible access.
- **Stackable and adaptable:** External and internal dimensions designed for stacking and fitted with slots/loops for elastic straps or bungee cords.
- **Dimensions:** External 95 x 46 x 36.5 cm; internal (min 83–max 88) x (min 33–max 39) x 33 cm.

How to use / When it’s useful

Use the Baule Militare Plano to store and transport uniforms, protective gear, tools, electronics and tactical equipment. It works well in vehicle trunks, storage rooms, armories and field deployments where rugged, stackable containers are needed.

Quick answer: Use the wheels for short moves and lift by the handles for stairs or rough terrain. In most cases, remove the lid when you need full access or to pack bulky items; secure contents with padlocks and elastic straps through the provided loops when needed.

Care and notes

To keep the trunk functional and safe, follow these basic care tips and installation checks.

- Clean with mild soap and water; avoid harsh solvents that can weaken polypropylene.
- Check wheel fittings and the steel axle before each heavy use; reattach wheels securely after removal.
- Use appropriate padlocks and ensure both front and rear closures are latched before transport.
- When stacking multiple trunks, place them on a flat, stable surface and verify secure placement.

FAQ

Q: What is the capacity of the Baule Militare Plano?

A: The trunk has a 100-liter capacity, suitable for clothing, tools and medium-sized tactical equipment.

Q: What material is the trunk made from?

A: It is made from recyclable polypropylene (PP), chosen for impact resistance and long-term durability.

Q: Can I add padlocks to the trunk?

A: Yes. The trunk features double front and rear closures and can be secured with two or more padlocks for added security.

Q: Are the wheels removable?

A: Yes. The two wheels are robust and designed to be removed; they run on a steel axle. Always secure the axle and fittings after reassembly.

Q: Is the trunk stackable for storage?

A: Yes. The design allows stacking of multiple trunks and includes slots/loops for elastic straps to keep stacked units stable.

Q: What are the external and internal dimensions?

A: External dimensions are 95 x 46 x 36.5 cm. Internal dimensions vary: (min 83–max 88) x (min 33–max 39) x 33 cm, allowing for some adjustment when packing.

Tip: Choose the right variant/size for your gear and check wheel and latch fittings before use. Browse related tactical and military surplus storage items to complete your setup without rushing your choice.
