Product overview

The Dragona Sottufficiali Aeronautica Militare is a ceremonial sword knot intended for Non-Commissioned Officers (Sottufficiali) of the Italian Air Force. It completes the saber kit with a traditional, formal detail for dress and parade uniforms.

Definition: a dragona is a decorative cord and tassel attached to the guard of a saber as part of military dress. This product is suitable for military dress use, tactical collections, and military surplus displays.

Main features

High-quality materials and classic design give this dragona an authentic look while remaining practical for regular uniform use.

- **Material:** 6 mm diameter light-blue cord with three longitudinal gold threads for strength and appearance.
- **Design:** Tassel (nappa) finished with gold and light-blue terminal threads for a refined, service-appropriate look.
- **Attachment:** Applied to the saber guard with a slip knot (nodo scorsoio) for a secure and quick fit.
- **Durability:** Constructed for long-lasting wear while maintaining a formal appearance.
- **Availability:** Produced in limited quantities; stocks may be restricted due to demand.

How to use / When it’s useful

Quick answer: attach the dragona to the saber guard using the slip knot for a firm hold. The knot is simple to tie and keeps the dragona in place during ceremonial use.

In most cases, the dragona is used for formal parades, ceremonial duties and when the full dress uniform is required. It also suits collectors of military surplus, duty gear, and those maintaining authentic uniform sets.

Care and notes

Basic care will keep the dragona looking its best and prevent premature wear.

- Store dry and away from prolonged sunlight to protect color and threads.
- Spot clean gently; avoid harsh chemicals or abrasive washing methods.
- Check the slip knot before use to ensure the dragona is securely fastened.
- Limited stock: order early if you need more than one piece.

FAQ

Q: What materials are used for the dragona?

A: The dragona is made from a 6 mm light-blue cord with three longitudinal gold threads and a tassel finished in gold and light-blue threads.

Q: How is the dragona attached to the saber?

A: It is fitted to the saber guard using a slip knot (nodo scorsoio), which provides a secure and quick attachment suitable for ceremonial use.

Q: Is this dragona suitable for all Sottufficiali of the Aeronautica Militare?

A: Yes, it is designed as an accessory for Non-Commissioned Officers of the Italian Air Force and matches traditional uniform requirements.

Q: Can I buy the dragona in larger quantities?

A: Production is limited and demand is high. If you need multiple pieces, we recommend ordering as soon as possible to secure availability.

Q: What are the main benefits of this dragona?

A: Benefits include authentic appearance, durable construction, easy application with a slip knot, and suitability for formal military dress and collections.

Q: Will the dragona fit any standard ceremonial saber?

A: The dragona is designed for typical saber guards used with Italian Air Force NCO dress sabers; if you are unsure about fit, check the guard opening and confirm compatibility before ordering.

Tip: Choose the correct variant for your saber and consider adding related uniform items to complete your kit; browse similar dress accessories to ensure a consistent, service-appropriate appearance.
