Product overview

The Pendaglio Sottufficiali Aeronautica Militare is a decorative and functional hanger designed for

non-commissioned officers' sabre equipment. It is intended for serving Sottufficiali of the Aeronautica Militare and for authorized collectors who need an authentic accessory that matches uniform regulations.

Definition: this pendaglio is a uniform accessory made of grey-blue fabric and gold-thread trim, fitted with gold-colored snap hooks to secure the sabre scabbard and belt. Useful for tactical dress, military surplus displays, duty uniforms and police ceremonial use.

Main features

Quality materials and a traditional design combine to meet uniform appearance needs while offering durable attachment points.

- **Fabric stripes:** two grey-blue fabric strips, 2 mm each.
- **Gold trim:** two 5 mm gold-thread stripes with oblique grey-blue striations.
- **Central stripe:** a 4 mm grey-blue center stripe for balanced appearance.
- **Gold snap hooks (moschettoni):** two hooks at the ends for attachment to the sabre scabbard bells.
- **Uniform fit:** designed to pair with the sciabola Sottufficiali Aeronautica and the matching dragona.

How to use / When it's useful

Quick answer: attach the two moschettoni to the scabbard bells and secure the opposite ends to the trousers' belt. In most cases the pendaglio is routed under the left side of the jacket for a clean ceremonial look.

For overcoats, pass the pendaglio through the dedicated opening under the left pocket flap so it sits correctly beneath the garment. It is mainly useful for formal duty, parades and uniform inspections where correct appearance is required.

Care and notes

Handle the pendaglio gently to preserve the gold thread and fabric finish; follow uniform regulations when wearing.

- Store flat in a dry place to avoid creasing or crushing the trim.
- Clean gently with a soft, dry cloth; avoid abrasive contact that can damage the gold thread.
- Ensure moschettoni are correctly fastened to prevent loss or damage to the scabbard.
- Purchase may require presentation of documentation or verification to comply with seller policies and military rules.
