How to use / When it’s useful

Quick answer: intended as a ceremonial/dress sabre for Carabinieri use and as a collectible for licensed civilians. Use it for formal parades, ceremonies, official duty appearances, or as a display item in a military surplus or historical collection.

In most cases, the purchase requires prior documentation: members must send a copy of their service ID or request delivery to their command; collectors must submit the prefectural licence (art. 28 TULPS). Shipping times are extended due to careful preparation.

Care and notes

Basic care and important notes before ordering:

- Keep the nickel-plated parts dry and clean; wipe with a soft cloth after handling to reduce corrosion risk.
- Do not assume immediate delivery — standard shipping is no less than 20 working days to allow for verification and preparation.
- Sale requires documentation: service ID copy for Carabinieri or prefectoral licence for collectors (art. 28 TULPS).
- Handle as a dress/ceremonial item; follow your unit’s or local regulations for wear and transport.
