Product short description:

Blank-firing revolver Phyton with a 2-inch barrel, offered as a scacciacani (dog deterrent) and for use in signaling or training. Suitable for collectors, trainers and users who need a non-lethal means to deter animals or produce alarm signals.

- **Model:** Phyton blank-firing revolver
- **Barrel length:** 2 inches
- **Use:** Dog deterrent, signaling and training with blanks
- **Ammunition:** Designed for blank cartridges only (salve)
- **Note:** Observe local laws and transport regulations before purchase

Product description:

Product overview

The Revolver Phyton 2 Pollici Scacciacani is a compact blank-firing revolver for collectors, trainers, and those needing a loud deterrent device. It is a realistic replica-style blank gun suitable for tactical training, police simulations, duty drills, and as a scacciacani (dog deterrent).

Definition: a blank-firing revolver designed for realistic simulations and deterrence. This model features a glossy chrome finish, a strap/holster attachment hook, single- or double-action operation, an integrated safety, and comes with a plastic carrying case. It is listed as freely saleable per Ministry of the Interior note n. 559/C 50.299--93 of 8/11/95.

Main features

Key specifications and features at a glance:

- **Authentic replica styling:** modeled after the Revolver Ruger SP 101 INOX for a realistic look and handling.
- **Gloss chrome finish:** chromata lucida finish for a professional appearance.
- **Action:** selectable single or double action for flexible use.
- **Integrated safety:** built-in safety mechanism to reduce accidental discharge risks.
- **Cylinder capacity:** 5 shots; caliber listed as 9 mm in the product description.
- **Compact size:** length 171 mm and weight 640 g — easy to carry and handle.
- **Includes case:** supplied with a plastic carrying case for storage and transport.

How to use / When it’s useful

Use this blank revolver for realistic training, theatrical use, demonstrations, or as a scacciacani (dog deterrent). Quick answer: it is intended for blank-firing use only, not for live ammunition.

In most cases, users deploy it during tactical drills, police or duty simulations, and controlled training environments where realistic sound and recoil are required. Always follow safe handling and local regulations when using or transporting the device.

Care and notes

Basic care keeps the revolver reliable and presentable. Follow these simple points:

- Store unloaded in the supplied plastic case and keep the safety engaged.
- Use only appropriate blank cartridges; do not attempt to fire live ammunition.
- Regularly inspect and lightly clean external surfaces to preserve the chrome finish.
- Confirm local rules despite the listed free-sale note; comply with all applicable laws.

FAQ

Q: Is this blank revolver legal to buy?

A: Yes. The Revolver Phyton 2 Pollici Scacciacani is listed as freely saleable according to the Ministry of the Interior note n. 559/C 50.299--93 of 8/11/95. Check local regulations for use and transport.

Q: What is the cylinder capacity and caliber?

A: The cylinder holds 5 shots. The product description lists the caliber as 9 mm. Handle accordingly and use only compatible blank cartridges.

Q: Does the revolver include a case?

A: Yes. The revolver is supplied with a plastic carrying case suitable for transport and storage.

Q: Can this be used for training or simulations?

A: Yes. The realistic replica styling, selectable action, and audible report make it suitable for training, police simulations, theatrical use, and controlled tactical drills.

Q: What are the dimensions and weight?

A: Length is 171 mm and weight is 640 g. The compact size supports easy handling and carry.

Q: Is this an exact copy of the Ruger model?

A: The product is described as a faithful replica of the Revolver Ruger SP 101 INOX in appearance and handling, but it is a blank-firing model designed for simulations and deterrence.

Tip: Choose the right variant or size for your intended use and browse related tactical, police, and duty training items to complete your setup.
