Product overview

The Fregio Basco Ricamato Cavalleria Fuori Corpo is an embroidered beret badge for collectors, re-enactors, uniform enthusiasts, and duty or police-style apparel. Definition: it is a gold canutiglia (bullion) embroidered cavalry badge mounted on black cloth, designed for display on a beret.

Made with detailed bullion stitching, the badge shows a grenade resting on a trumpet, a straight seven?tongued flame and two crossed lances. It measures 6.5 x 5 cm and is offered in limited quantities, making it a sought-after piece for military surplus and tactical-style collections.

- **Application:** Can be sewn on or attached by a tailor; made for easy installation.
- **Finish:** High-detail embroidery for crisp, visible motifs.
- **Use case:** Suitable for military surplus displays, tactical or duty-style gear, and ceremonial-style wear.

How to use / When it’s useful

Quick answer: attach the badge to your beret by hand-sewing or machine-sewing, or have it fitted by a uniform tailor. It is designed to sit flat and be visible without being bulky.

In most cases, the badge works well for collectors, re-enactors, and anyone adding cavalry-style detail to tactical, military surplus, or police-duty apparel. Use it for ceremonial pieces, display mounts, or to personalize a service-style beret.

Care and notes

Keep the embroidery and bullion threads in good condition with gentle care.

- Spot clean with a mild detergent; avoid abrasive scrubbing.
- Sew-on attachment is more durable than simple adhesives; secure stitching is recommended.
- Avoid direct heat or ironing on the bullion areas to prevent damage.
- Check unit or organizational regulations before adding to an official uniform.
