Product short description:

A plastic medal case to protect and showcase your medals. Ideal for athletes, collectors or anyone preserving a special award.

- **Material:** Durable plastic construction to safeguard medals.
- **Visibility:** Transparent design lets you view the medal without removing it.
- **Closure:** Secure closure keeps the medal firmly in place.
- **Use:** Suitable for display, storage, transport or as a meaningful gift.
- **Portability:** Lightweight and easy to carry or store.

Product description:

Product overview

This plastic medal case with red velvet lining is designed to store and present individual medals for collectors, military personnel, police, or anyone who wants to protect honors and awards. Definition: a compact, two-part plastic case with a transparent lid and velvet interior for safe storage and clear display.

It offers a balance of protection and presentation—impact-resistant plastic exterior, soft red velvet to prevent scratches, and a secure closure for transport. Ideal for military, tactical, and collector use when you need a tidy, professional display or safe storage.

Main features

Key attributes that make this medal case suitable for display and storage:

- **Durable plastic** shell designed to resist everyday bumps and wear.
- **Red velvet lining** inside to cushion the medal and enhance presentation.
- **Two-part design:** transparent lid plus black base to keep the medal visible.
- **Secure snap closure** that is easy to open and close for transport.
- **Compact dimensions:** 12.5 cm x 5.5 cm x 2 cm, sized for standard medals.
- **Versatile use:** suitable for military, sporting, commemorative, and civilian medals.

How to use / When it's useful

Use the case to present a medal at a ceremony, to store awards in a collection, or to protect items while moving or displaying them. Place the medal on the velvet bed and fit the transparent lid onto the black base until the closure snaps.

Quick answer: this case is best for single, standard-size medals that fit within 12.5 x 5.5 x 2 cm. In most cases, the case protects against scratches, dust, and minor impacts but is not intended as a heavy-duty shipping container.

Care and notes

Simple care keeps the case and your medal in good condition. Follow these practical notes:

- Wipe the plastic exterior with a soft, dry cloth; avoid abrasive cleaners or solvents.
- Keep the velvet lining dry; blot moisture gently and allow to air dry if needed.
- Do not force larger medals into the case—measure first to ensure a proper fit.
- Store the closed case in a cool, dry place and avoid prolonged exposure to direct sunlight.

FAQ

Q: What are the exact dimensions of the case?

A: The case measures 12.5 cm x 5.5 cm x 2 cm, intended for standard single medals that fit within these dimensions.

Q: Is the red velvet lining durable?

A: Yes. The velvet lining is designed to protect against scratches and dust during storage and

display. Treat it gently to maintain appearance.

Q: Can I use this case for sports medals?

A: Absolutely. The case is versatile and suitable for military, sporting, commemorative, and civilian medals that match the size limits.

Q: How secure is the closure during transport?

A: The snap closure holds the two parts together for everyday transport and short trips. For heavy shipping, use additional protective packaging.

Q: Is the lid transparent?

A: Yes. The case has a transparent lid so the medal remains visible while protected, ideal for display or presentation.

Q: Where should I store the case long term?

A: Store in a cool, dry place away from direct sunlight or extreme heat to preserve both the plastic and the velvet lining.

Tip: Choose the correct size before purchasing and check the medal diameter against the case dimensions. Browse related medal cases and display options to find matching storage and presentation solutions for your collection.
