Quick answer: Use it to carry your ID, a few cards and some cash in a compact, organized way. The internal ID slot makes badge access and ID checks quick and easy.

In most cases, this wallet is useful for healthcare workers, emergency responders, volunteers and support staff who need a professional, low-profile wallet for daily duty. It also works well as a neat everyday wallet for civilians who want to show support for emergency services (tactical, duty, police-friendly design).
