- **Material:** Made from high-quality materials to ensure comfort and durability.
- **Use:** Suited for official uniforms and formal occasions.
- **Design:** Classic Spanish-style cut offering a neat, professional appearance.
- **Fit:** Comfortable for regular wear; pairs well with other uniform items.

Product description:

Product overview

The Basco Guardia di Finanza Modello Spagnolo is a Spanish-style beret designed for members of the Guardia di Finanza and for users seeking a duty-ready, tactical or military surplus-style headwear. Definition: a Spanish-model beret is a flat, round cap with a reinforced side panel for an emblem or badge.

This beret is made from a wool-rich blend for comfort and durability, finished in anthracite grey for a formal uniform look. It is suitable for duty, ceremonial use, and everyday tactical wear; stock is limited, so availability may vary.

Main features

Key features that balance traditional style with practical details:

- **Material:** 94% wool and 6% nylon for warmth, softness and improved durability.
- **Color:** anthracite grey for a sober, authoritative appearance.
- **Refined trim:** gros-grain edge defines the beret's contour.
- **Badge reinforcement:** reinforced left parietal side designed to receive the fregio (badge).
- **Inner lining:** mesh lining with two side eyelets for ventilation and comfort.
- **Adjustable fit:** rear adjustment strap for a tailored fit.
- **Size:** flat diameter 22 cm, suited to a variety of head shapes.

How to use / When it's useful

Quick answer: wear it as official headgear for Guardia di Finanza duties, for uniformed ceremonial use, or as part of tactical and military surplus outfits. The reinforced side is ready for standard emblems and badges.

In most cases, the wool blend keeps the head warm in cooler weather while the mesh lining and eyelets improve breathability for milder conditions. Use the rear strap to fine-tune fit for comfort during long shifts or outdoor activities.

Care and notes

Basic care and important notes to keep the beret in good condition:

- Prefer professional dry cleaning for wool items, or spot clean gently by hand if needed.
- Do not machine wash or tumble dry to avoid shape loss.
- Attach the fregio only on the reinforced left parietal area to protect the fabric and maintain appearance.
- Available only in anthracite grey; check fit before extended use due to the fixed flat size (22 cm).

FAQ

Q: What materials are used in this beret?

A: The beret is made of 94% wool and 6% nylon, offering a balance of warmth, softness and added durability.

Q: Is the beret available in other colors?

A: No, this model is currently available only in anthracite grey to match the formal uniform look of the Guardia di Finanza.

Q: How do I adjust the size?

A: The beret includes a rear adjustment strap that allows you to tighten or loosen the fit for a comfortable, secure wear.

Q: Is this beret suitable for all seasons?

A: Yes; the wool-nylon blend provides warmth for cooler weather while the mesh lining and eyelets improve ventilation for milder conditions.

Q: Where should I place the fregio (badge)?

A: Place the fregio on the reinforced left parietal side—this area is specifically designed to support emblem attachment without damaging the beret.

Q: How can I purchase this beret?

A: Add the product to your cart on the retailer’s site while stock lasts; limited availability means it can sell out quickly.

Tip: Choose the right fit by checking the flat 22 cm diameter and using the rear strap for adjustment; consider browsing related tactical and uniform accessories to complete your duty or military surplus outfit.
