Product short description:

The Lowa Zephyr Mid GTX Green Ranger combat boots are mid-height, waterproof boots designed for outdoor enthusiasts and tactical users who need reliable, comfortable footwear.

- **Material:** GORE-TEX membrane for waterproofing and breathability combined with durable upper materials.
- **Sole:** Rubber outsole providing stability and traction on varied terrain.
- **Use:** Suited for hiking, patrols and general outdoor activities where grip and protection matter.
- **Color:** Green Ranger finish adds subtle style without reducing functionality.

Product description:

Product overview

The Lowa Zephyr Mid GTX Green Ranger is a mid-cut tactical boot designed for military, police, and outdoor use where durability, support and waterproofing matter. It suits professionals and enthusiasts who need a reliable boot for missions, patrols, duty or extended hiking.

Definition: a mid-cut, waterproof tactical boot with a suede-and-fabric upper, GORE-TEX membrane and a Lowa rubber outsole engineered for grip and comfort on varied terrain.

Main features

Built for balance between protection and mobility, these boots combine technical materials and a stable frame for long-wear comfort.

- **Durable upper:** suede leather and textile for abrasion resistance and protection.
- **GORE-TEX membrane:** waterproof yet breathable for wet environments.
- **Lightweight stability:** STABILITY FRAME design to support long missions and walks.
- **Lowa rubber outsole:** cushioned rubber compound for traction off-trail and in backcountry conditions.
- **Solid construction:** sole and upper bonded with PU foam layers for structural durability.
- **Mid-cut support:** balance of ankle support and freedom of movement with internal PU foam padding for comfort.

How to use / When it’s useful

Quick answer: Use these boots for tactical duty, military surplus setups, police patrols, and hiking on rough or wet terrain. They are designed to perform in demanding outdoor conditions while remaining suitable for everyday duty wear.

In most cases, choose them when you need a waterproof, breathable boot with reliable traction and ankle support for long shifts or multi-day treks. Pair with appropriate socks and insoles for added comfort on extended missions.

Care and notes

Basic care keeps materials and waterproofing effective while extending boot life.

- Wipe clean with a damp cloth; remove loose dirt after use.
- Avoid aggressive detergents or machine washing to protect the materials and GORE-TEX membrane.
- Let dry naturally at room temperature; avoid direct heat sources.
- Choose the correct size from the size selector—fit affects support and comfort.

FAQ

Q: Are the Lowa Zephyr Mid GTX Green Ranger boots waterproof?

A: Yes. The boots use a GORE-TEX membrane to provide waterproofing while allowing breathability, helping keep feet dry in wet conditions.

Q: What sizes are available?

A: Sizes are offered across a standard range. Please select your size from the dropdown and consult the store size guide if you are unsure about fit.

Q: Can I use these boots for hiking and backcountry trekking?

A: Yes. The Lowa rubber outsole and stability design make them suitable for hiking on uneven and off-trail terrain, offering traction and comfort.

Q: Do these boots provide ankle support for tactical or duty use?

A: The mid-cut design provides a balance of ankle support and mobility, designed for long shifts where both stability and movement matter.

Q: How should I clean and maintain them?

A: Clean with a damp cloth, avoid harsh cleaners, and dry at room temperature. Regular light maintenance preserves the suede, fabric and waterproof membrane.

Q: Are these suitable for police or other duty roles?

A: They are designed with professionals in mind and are commonly used for duty and tactical roles. Always confirm any specific uniform or equipment requirements with your organization.

Tip: Select the correct size and variant for your intended use, and consider browsing related tactical and duty boot options to find the best match for your patrol, hiking or military surplus needs.
