Product short description:

Bronze mask appliques for cloaks, handcrafted to add a timeless, refined touch to your garment. Ideal for special occasions or to elevate an everyday cloak.

- **Material:** Bronze with a warm, polished finish that pairs well with most fabrics.
- **Craft:** Hand-finished by artisans for subtle detail and classic character.
- **Use:** Decorative accents for cloaks, capes and ceremonial garments.
- **Application:** Lightweight and simple to attach without adding bulk to the fabric.
- **Versatility:** Suitable for historical costumes, formal events or refined daily wear.

Product description:

Product overview

Bronzed Mascheroni for mantles: metal cloak fasteners designed for ceremonial clothing, uniforms and collectors who need a durable decorative closure. Definition: Mascheroni (also called alamari) are bronzed metal cloak fasteners used to close and ornament a mantle.

These fasteners combine a detailed lion-head relief with a practical hook and a decorative chain, offering a refined look for military, police, duty and tactical ceremonial wear. Made with a bronzed finish, they are intended to add a classic, formal touch to a mantle.

Main features

Key features and specifications at a glance.

- **Material:** Bronzed metal finish for a refined appearance and long-lasting use.
- **Decorative motif:** Raised lion head relief symbolizing strength and majesty.
- **Functional parts:** Right-side hook for closure and a left-side chain for decoration and support.
- **Chain details:** Chain formed by eight round links, each approximately 15 mm in diameter.
- **Size:** Mascheroni diameter about 34 mm — visible but not oversized.
- **Placement:** Sew approximately 9 cm below the collar and 8.5 cm from the mantle edges for balanced alignment.

How to use / When it’s useful

Quick answer: Use the mascheroni to close and dress a ceremonial mantle while adding a formal decorative detail. In most cases, one side is fitted with a hook and the opposite side with the chain so the mantle closes securely and looks balanced.

These fasteners are useful for ceremonial uniforms, historical reenactments, military surplus restorations and police dress attire where traditional detail and a reliable closure are required. Sew them in the specified positions to ensure correct alignment and appearance.

Care and notes

Basic care keeps the bronzed finish looking its best and ensures long service life.

- Sew securely using durable thread and proper alignment (9 cm under the collar, 8.5 cm from the edges).
- Avoid harsh chemical cleaners or abrasive tools that could damage the bronzed finish.
- Inspect stitching and chain connections periodically to prevent loss during use.

FAQ

Q: What material are the Mascheroni made of?

A: They are made from bronzed metal with a finished surface intended to look refined and resist normal wear.

Q: How are the Mascheroni attached to the mantle?

A: Each mascherone should be sewn in place: about 9 cm below the collar and 8.5 cm from the mantle edges for correct alignment.

Q: What is the diameter of each mascherone?

A: The mascheroni measure approximately 34 mm in diameter, offering clear visibility without being overly large.

Q: What is the purpose of the chain?

A: The chain, made of eight round links (~15 mm each), serves both decorative and functional roles to help secure the mantle closed.

Q: What does the lion head motif represent?

A: The raised lion head is a traditional symbol of strength, majesty and nobility, used here as a distinctive decorative element.

Q: Is this product in stock?

A: Stock is limited; availability is affected by demand. Add the item to your cart to reserve your pair while supplies last.

Tip: Choose the correct variant and check placement measurements before sewing. Browse related mantle fittings and replacement chains to match style and ensure consistent appearance across uniforms and ceremonial garments.
