How to use / When it’s useful

Quick answer: Attach each bombarda to the tails of the marsina to restore or complete the Grande Uniforme Storica appearance. They are intended for visible ceremonial use rather than heavy-duty field wear.

In most cases, these are fitted by aligning each piece on the marsina tails and securing with the chosen method (stitching or fasteners) to match original uniform standards. Use them for restorations, museum displays, ceremonial duties, or military surplus collections.

Care and notes

Handle embroidered canutiglia with care to preserve the finish and shape. Store flat or wrapped to avoid creasing.

- Avoid heavy abrasion and prolonged exposure to moisture to protect the silver thread.
- Store in a dry place, away from direct sunlight to prevent fading of the black cloth.
- Attach securely to the marsina to prevent loss during wear or transport.
- Limited availability: stock can be low due to historical demand; check availability before planning restorations.
