How to use / When it’s useful

Quick answer: attach the patch to any fabric or panel with matching Velcro—press to apply, peel to remove. Use it to show national affiliation on tactical gear, duty uniforms, or casual clothing.

In most cases, the patch works best on flat or slightly curved surfaces with a matching loop panel. It is useful during training, travel, events or everyday carry where a removable emblem is preferred.

Care and notes

Basic care keeps the patch looking its best and extends its life.

- Remove the patch before washing garments or gear to protect the Velcro and patch edge.
- Avoid prolonged exposure to high heat or harsh chemicals that may degrade materials.
- Store flat when not in use to prevent the border from bending.
