Product short description:

Green wool crew socks with a sponge-padded inner lining, designed for cold weather. Suitable for home use and long outdoor walks, they combine wool softness with inner padding to provide warmth and cushioning while keeping feet comfortable.

- **Material:** Wool outer layer for natural insulation with a soft sponge-padded inner lining for added cushioning.
- **Color:** Olive/green shade that blends with outdoor and casual clothing.
- **Fit:** Mid-calf crew design with a close, wrap-around fit that stays in place and offers gentle support.
- **Use:** Ideal for relaxing at home, cold-weather walks, or extended periods on foot.

Product description:

Product overview

The Green Wool Long Socks with Sponge Inner Lining are thermal socks designed for people who work or spend time outdoors in cold, wet conditions. Definition: Long thermal green wool socks with an inner sponge lining for added comfort and moisture control.

These socks suit military and tactical use, outdoor activities like hunting, fishing and airsoft, and general duty work in damp, cold environments. Stock is limited due to high demand from outdoor and military surplus users.

Main features

Built for warmth, comfort and a secure fit when worn with boots or combat footwear.

- **Thermal wool:** High-quality green wool offers effective insulation for cold conditions.
- **Sponge inner lining:** Soft inner layer absorbs moisture and improves comfort.
- **Elasticated fit:** Stretch fibers ensure a snug, non-slip fit without excessive pressure.
- **Soft cuff:** Gentle cuff design supports circulation and avoids constriction.
- **Boot-ready:** Long length and construction make them suitable for boots and military ankle boots.
- **Durable materials:** Made to withstand frequent use common in tactical, duty and outdoor settings.

How to use / When it’s useful

Quick answer: Wear these socks with boots or footwear used for outdoor work, hunting, fishing, airsoft or tactical tasks when you need extra warmth and moisture control. They are designed to be worn for long shifts or extended periods outdoors.

In most cases, pair them with sturdy boots and change to dry socks if they become soaked. Their sponge inner lining helps manage humidity, making them practical for wet environments and military surplus applications.

Care and notes

Follow basic garment care to preserve insulation and fit. Check the label for specific instructions.

- **Machine washable:** Wash in a gentle cycle following the care label.
- **Drying:** Air dry or follow the label’s drying instructions to avoid damage.
- **Fit check:** Choose the correct size for comfort and to prevent slipping.

- **Inspect regularly:** Replace if material shows excessive wear or damage.

FAQ

Q: Are these socks suitable for everyday use?

A: Yes. They work well for daily wear in cold and damp conditions, especially when paired with boots or work footwear.

Q: Can I wash them in the washing machine?

A: Yes. They are machine washable—use a gentle cycle and follow the label's instructions to preserve fabric and lining.

Q: What sizes are available?

A: The socks come in multiple sizes to ensure proper fit. Select your size based on your usual sock or shoe size and refer to the size guide if available.

Q: Are these socks good for hunting, fishing or airsoft?

A: Yes. Their insulation and moisture-managing inner lining make them suitable for hunting, fishing, airsoft and other outdoor activities.

Q: Will they work with military or tactical boots?

A: Yes. Their length and construction are designed to fit well with boots and combat-style footwear used in duty and tactical settings.

Q: How long do these socks last?

A: Lifespan depends on frequency of use and care. With proper washing and regular inspection, they are designed to be durable for repeated outdoor and work use.

Tip: Choose the correct size for the best fit and comfort, and browse related tactical and military surplus socks to find the pair that matches your duty or outdoor needs.
