How to use / When it’s useful

Quick answer: Wear the tags on the short chain as a discreet accent or on the long chain for a more visible statement. They work well with casual jackets, uniforms, or layered with other necklaces.

In most cases, these tags are used as fashion accessories rather than official identification. They are practical for daily wear and for anyone who prefers a military or tactical aesthetic.

Care and notes

Basic care keeps the finish looking consistent and the chains functioning smoothly.

- Wipe with a soft, dry cloth to remove dust and sweat.
- Water-resistant for everyday use, but avoid prolonged immersion.
- Avoid abrasive cleaners or strong chemicals that can affect the finish.
- Store in a dry place to prevent surface wear and tangling of chains.

FAQ

Q: Are the tags water-resistant?

A: Yes. The tags and chains are water-resistant for regular, everyday use but are not intended for long-term submersion.

Q: Can I customize or engrave the tags?

A: Currently these tags are sold as-is and are not offered with customization. They are designed to be worn in their original finish.

Q: Are the chains adjustable?

A: The product includes two fixed-length chains: one 14 cm and one 60 cm. These offer two wearing options without adjustments.

Q: Will the black color fade over time?

A: The matte black finish is made to resist fading with normal use. Proper care—avoiding harsh chemicals and long immersion—helps maintain the color.

Q: Are these suitable as a gift?

A: Yes. The tags make a practical gift for someone who likes military-style or tactical accessories and prefers understated metal designs.

Q: Is stock limited?

A: Availability can be limited. If the listing shows available stock, consider adding the item to your cart to reserve it.

Tip: Choose the chain length that suits your style—14 cm for a low-profile look, 60 cm for a visible pendant—and check related tactical and military-style accessories to complete your set.
