How to use / When it’s useful

Quick answer: Wear them on uniforms where permitted, attach to jackets, caps, or add them to a display case as part of a military surplus or tactical gear collection. The clamp backing makes short-term wear and repositioning simple.

In most cases, these badges are used as commemorative insignia or collector’s items rather than certified service-issued pieces. Check your unit or organization rules before placing them on active duty uniforms; otherwise they are ideal for shows, displays, and historical collections.

Care and notes

Basic care keeps the enamel and backing intact for years. Store in a dry, padded space and handle the clamp gently to avoid bend or loosening.

- Keep away from prolonged moisture and abrasive contact to preserve the enamel finish.
- Secure the clamp backing firmly when worn to prevent loss; inspect before use.
- Store in a soft pouch or display case to avoid scratches.
- Confirm uniform or organizational rules before wearing on official duty attire.
