How to use / When it’s useful

Attach the Nappina Genio to your cappello alpino by placing it where the feather (penna) is mounted; it personalizes the hat and visibly shows affiliation or support for genio alpino units. It is useful for formal wear, ceremonial occasions, displays, and as part of a military surplus or tactical collection.

Quick answer: Use it to mark unit identity and add a traditional, authentic detail to the alpine hat. In most cases, the nappina fits standard cappello alpino truppa mounts and works alongside the feather without modification.

Care and notes

Basic care preserves the nappina’s appearance and longevity; treat the wool and wooden base gently and store in a dry place.

- Keep dry and avoid prolonged exposure to moisture to protect the wool covering.
- Handle by the wooden base when fitting or removing to avoid deforming the wool surface.
- Store flat or in a hat box to maintain shape and color.
